THIRTY THOUSAND KILLED IN ADANA

Moslem Butcheries in One Province of Asia Minor Tell a Staggering Tale of Horror.

EVIDENT PURPOSE TO WIPE OUT CHRISTIANS

Adana, May 3.—(Monday)—Via Larnaca, Cyprus, May 4.—Adana is still lawless. More people were killed in the city yesterday. There are thirty thousand dead in Adana province as a result of the massacres and 35,000 homeless and penniless refugees are wandering in the vilayet.

The deaths in Adana city alone are estimated at 6,500. Adana is terrorized by thousands of soldiers, who are looting, shooting and burning. No respect is paid to foreign properties. Both the French schools have been destroyed and it is feared that the American school, commercial and missionary interests in Adana are ruined.

The new valip has not inspired confidence. There is reason to believe the authorities still intend to permit the extermination of all Christians. The troops here are making a pretense of "throwing water" on the flames; instead of water they use kerosene, and are thus purposely adding to the conflagration. Apprehension is felt regarding the American missionary stations at Harjin and Tarsus.

All letters and telegrams sent out through Turkish channels are censored.

UNSPEAKABLE ATROCITIES.

Crimes of the Moslem Butchers Cannot Be Described.

Tarsus, Asiatic Turkey, Saturday, April 24.—Via Constantinople, May 4.—Authentic tales of the atrocities committed by the fanatical Mohammedans in the villages and farms in this district are now coming into Tarsus with sickening abundance.

The worst particulars of these narratives cannot be mentioned, but they set forth without doubt that at least ten thousand persons lost their lives in this province and some estimates place the total casualties at 25,000.

Villages like Osmanieh, Bezsche, Hamadieh, Kara, Kristian, Keoy and Kezolook, were actually wiped out. Each of these places had populations of from 500 to 600 people. In one town of four thousand people there are fewer than one hundred left, nearly all women and children.

It was the same thing with the hundreds of farms that dot this wide and fertile plain.

The slaughter was unsparing, even Greeks and Syrians were struck down with the Armenians. Entire families were burned to death in their homes. Hundreds of girls and women were maltreated and carried off to the harems.

A Deed of Horror.

The correspondent was informed that at one place a party of one hundred Armenians surrendered to the soldiers. The prisoners were taken to an open field, where the women were ordered to stand apart from the men. Every one of the men were then shot. In many cases they were done to death with their women clinging to them, trying to save their lives. A large number of women were wounded because of their persistence.

Sixty men who were brought down into this district from Hadjin are now held as slaves. Young Turks around Tarsus are trading Armenian girls for horses and modern repeating rifles. The entire ten days seem to have been an insensate orgy of lust and violence in the name of race and religion.

In the massacres of fourteen years ago there was no such desire to kill women and children as has been evidenced in the last ten days. Now, however, there have been numerous instances of the murdering of women and children with deliberation, and there are other instances where women were brought out one by one and shot down with bystanders clapping their hands at each fresh execution.

Famine Will Follow.

The local authorities are giving today four cents a day for each refugee in Tarsus. There are about four thousand refugees and this sum does not suffice. The government allotment is being supplemented by funds of the American mission. The local officials say they are soon going to discontinue their contributions and if this is done there will be a famine.

The yard of the American mission house looks like a prison pen.

The men wander around all night trying to keep warm. The women and children sleep at night on the floors of the school rooms. Very few of them have beds.

In the day time the men sleep, usually curling up in the sunshine outside. There have been four births at the mission since the refugees came in.

In the meantime the Moslems in the wasted country round about are pasturing their horses and cattle on the green crops of their Armenian victims.

THE NEW CABINET.

Constantinople, May 4.—The new cabinet probably will be organized as follows:

Grand Vizier—Hilmi Pasha.

Minister of the Interior—Ferid Pasha.

Minister of Justice—Kakki Pasha.

Minister of Public Instruction—Azmi Bey.

Minister of Mines and Forests—Aristidi Pasha.

The other ministries will be retained by the last incumbents. Both Kakki Pasha and Azmi Bey are members of the committee of union and progress and it is expected that this cabinet, being thus brought into harmony with the present political situation, will have a long lease of power.

DENIES JAP CITIZENSHIP.

Federal Judge Declares Constitution Forbids It.

Norfolk, Va., May 4.—Federal Judge Edmund Waddill, jr., of the United States court for the eastern district of Virginia, in the application for naturalization of Namyo Bessho, a Japanese "chief steward" in the United States navy, denies the petition, holding that under the federal statute no Japanese or alien except of white blood or of African descent or nativity can become an American citizen even though he has seen service in the United States navy or marine corps.

Bessho claimed the right of naturalization under the act of congress of July 26, 1894, giving an alien of the age of 21 years and upward, who has served honorably in the navy or marine corps, the rights of citizenship, after proper court form. United States District Attorney Robert H. Talley, appearing for the government, resisted this, holding that under section 2,169 of the federal statutes, as amended in 1875, only "free white persons" and "aliens of African nativity or African descent" are entitled to naturalization. Judge Waddill sustaining this, ruled that the act of 1894 could not repeal by implication the statute of 1875 and that there are no direct terms of appeal.

Bessho is preparing an appeal.

SUBTERRANEAN LAKE FOUND.

Floods Country and Furnishes Eyeless Fish Near Warsaw.

Silver Lake, Ind., May 4.—At a point three miles southeast of this city on the line between Kosciusko and Wabash counties, a subterranean lake has burst its confines and has submerged the highway to a depth of twenty feet and for a distance of more than one hundred yards. People who traveled the road last evening before its disappearance noticed no indications of the break, but early travelers this morning were confronted with a fair sized lake where the solid road had been just a few hours before. The new born lake is alive with eyeless fish.

LOOKS LIKE 200 MORE.

Finishing Touches on Enumeration Count Now Being Made.

The final work in the exact determining of the school census in the city is being done today and from present figures it looks as though the census this year would show an increase of about 200 children of school age, making a total of between 16,250 and 16,300. The 1907 census taken previous to the beginning of the distressed times showed several hundred more children than can be shown this year.

FIND CHET JORDEN GUILTY OF DEATH OF HIS WIFE

Actor Who Packed Remains of Wife in Trunk Will Pay Penalty.

Cambridge, Mass., May 4.—Chester S. Jordan, formerly of Indianapolis, was found guilty in the first degree on a charge of murdering his wife, by a jury in the Middlesex superior court today.

The verdict was returned after the jury had deliberated more than nineteen hours.

Jordan showed no emotion, but three women among the spectators fainted. Counsel for the defense was granted thirty days in which to file exceptions.

Jordan was charged with having killed his wife in a quarrel at their home in Somerville. The woman's dismembered body was found in a trunk which Jordan had taken to a Boston lodging house. The suspicions of a cab driver that the trunk had been stolen led to the discovery of its contents. The defense was "epileptic insanity" and the testimony of medical experts was one of the features of the trial.

The penalty for first degree murder in this state is death by electrocution. Jordan's trial began April 20th.

LIVED IN INDIANAPOLIS.

Indianapolis, Ind., May 4.—Chester Jordan's home was in this city until he went on the road as a vaudeville actor. One of his sisters is a rich cotton broker's wife and the family spent a great deal of money in his defense. One witness from Indianapolis said Jordan as a boy had occasional convulsions. Jordan said he got his idea of cutting up his wife's body from having visited an abattoir in Indianapolis.

Start of Thirty-Day Ride From Fort Meyer to Richmond

Washington, May 4.—Under command of Major Eben Swift, twenty-two student officers of the Army War college, accompanied by instructors and all the impediments of war, started out on their march from Fort Myer, Va., to Richmond over the course followed by the federal army from 1862 to 1865. The battles of Fredericksburg, Chancellorsville, the Wilderness, Petersburg and Five Forks are to be fought over again, in theory, the officers reviewing the actual action and planning a like battle under modern conditions on the same fields. It is explained that the program to be followed will represent the nearest thing to actual war which officers of the army can have in time of peace.

The column which left Fort Myer presented an imposing and business-like appearance. A train of eight wagons was in the van, with the baggage, following which came a long line of cavalrymen leading the horses the student officers are to ride. There was one hundred and fifty horses in line, each equipped with all the paraphernalia of the field. The wagons and troopers are under the command of Lieut. William W. Overton, Fifteenth cavalry, who will also have charge of the various camps that are made and will look after the matter of supply.

A TRIO OF INDIANA COUNTIES VOTING ON OPTION

Election is Called for May 26 in Madison County on Saloon Issue.

Indianapolis, May 4.—The "drys" and the "wets" are busy with option elections today both in the northern and the southern parts of Indiana. The saloon question is to be decided for two years in Pulaski, Clay and Spencer counties. Spencer is an Ohio river county. Both shores of the Ohio have been very "wet" for many years, or since the river hs been navigated by white men, but with the anti-saloon campaign sweeping over Indiana three of the "river counties"—Ohio, Switzerland and Jefferson—have prohibited the sale of liquor.

FILE PETITION IN MADISON.

Anderson, Ind., May 4.—The board of county commissioners yesterday afternoon granted the petition of the Madison County Option League for an election and set the date for Wednesday, May 26. The petition was presented by Attorneys Lawrence Mays and F. A. Walker. There was no question raised as to the sufficiency of the petition. Horace Stilwell, for the Law and Order League, raised the question as to the time when the twenty days began to run before the date could be set. Mays contended that the time started from the date of the filing of the petition, while Stilwell held that it dated from the day on which the board of county commissioners took the petition up for consideration.

The commissioners took three ballots as to the date, and on the last ballot two tickets bore the date of May 26, and that date was fixed.

The filing of the petition attracted but little attention, there being not more than a dozen spectators in the court room.

Meetings were held at each of the headquarters immediately after the date was announced, and plans of the campaign were discussed by the various committees.

WILL RUN AIRSHIP LINE.

Count Zeppelin Makes Interesting Announcement.

Stuttgart, May 4.—At a meeting held here today of the Wurtemberg Aerial Navy league, a representative of Count Zeppelin declared that the company formed in connection with the Zeppelin airship construction company has undertaken to establish a regular line of airships from Lucerne or Friedrickshafen to North Germany via Frankfort-on-the-Main. The actual route to be adopted will depend on the offers of landing places made by cities on the line. It is hoped to open the line for traffic next year.

Mahurin & Mahurin, architects, are darwing plans for a township high school at Deedsville, Ind., near Peru. The building is to be erected this summer at a cost of $14,000.

DOLLIVER BLAZES AT TARIFF BILL

Iowa's Eloquent Senator in Striking Speech Asks Real Revision.

POPS A FEW AT NELSON ALDRICH

Demands a Cutting Away of Dingley Rates and Keeping of Promises.

Washington, May 4.—Attacking the wool and cotton schedules of the pending tariff bill as containing deceptive provisions, increasing rates of duty on many articles containing but a trifling quantity of wool, Senator Dolliver, of Iowa, today delivered one of the most notable speeches presented to the senate since the revision of the tariff has been under consideration. The announcement that Mr. Dolliver would speak filled every available space in the galleries and there were very few senators who were not in their places to hear him. A considerable portion of his remarks was addressed directly to Senator Aldrich, chairman of the committee on finance.

"If I speak the truth," said Mr. Dolliver; "if I deal with things as they are, I suggest to the senator from Rhode Island that it will not be an adequate answer to reproach me with the errors of my youth or to disparage me because in other years I followed without question in the footsteps of our party leaders. If, in times past, I

NEAR FINAL STEP IN HARPER BANKING CRASH

Five Million Dollar Judgment Will be Offered for Sale.

Cincinnati, Ohio, May 4.—The last vestige of the once famous Cincinnati case—the collapse of the Fidelity National bank and the fall of E. L. Harper and his efforts to corner the wheat market, will be cleaned up here on May 17, when the $5,000,000 judgment against E. L. Harper will be offered for sale by George C. Rankin, receiver of the bank. The judgment offered is the last asset of the failed bank and is a receiver's judgment secured by the receiver against Harper to cover the amount Harper owed the bank when it failed.

Harper speculated on the Chicago board of trade twenty years ago and failed in running a wheat corner. He served several years in the penitentiary at Columbus, Ohio, for using funds of his bank to bolster up his wheat corner. Thousands of persons were plunged into despair here when his bank failed.

WORLD'S PEACE HAS A BIG BOOST IN CHICAGO

Second Day's Session of the Conference Brings Out Strong Talk.

Chicago, May 4.—Discussion of the commercial and industrial aspects of universal and permanent peace was the feature of today's session of the second national peace congress in this city. Special sessions were set apart for consideration of woman's work in the interests of peace, and for the part which universities and colleges have played in the great problem.

The woman's session was held under the auspices of the Chicago Woman's club.

Mrs. Ellen M. Henrotin, of this city, presided. Mrs. Lucia Ames Mead, of Boston, spoke on "Five Dangerous Fallacies." She said in part:

"The world surely will see during this century an international police, but rival navies and armies are doomed. These monsterous anachronisms of civilization must be turned into beneficent messengers of commerce.

"Human nature is changing, but whether it changes or not, the business of the world will not much longer tolerate two nations making a cockpit of the people's highways and dragging neutral nations into commercial loss. A comparatively few influential persons in a few influential countries can and will end international war. It is chiefly a question of statesmanship."

Modern War Absurd.

In explaining the attitude of business men on this subject, Marcus M. Marks, president of the National Association of Clothiers of New York, said:

"The merchants of the world have done much indirectly to bring about improved relations between the various nations. Let them now help finance the peace movements and add unselfish, practical co-operation in a great cause.

"The terrible power of destruction now possible through modern war agencies and he still undeveloped air warships force upon all men the absurdity of settling difficulties by mutual annihilation.

"The idealists may at last be joined by hard headed men of affairs whose daily cry is for results. Business men all want peace."

Louis P. Lochner, of Madison, Wis., was the principal speaker at the college session.

Other speakers were Prof. William I. Hull, of Swarthmore college, Pennsylvania, and James Brown Scott, solicitor of the state department, Washington, D. C.

MACHINES WILL BE READY.

Agent Says Enough Will Be on Hand for the Primaries.

R. D. Bemis, agent for the Empire Voting Machine company, was before the county commissioners today and he promised that enough machines will be on hand in Fort Wayne to cover all the wards in the city at the primaries. He said that the shipments will be made in July and will be here in ample time.

TAFT WILL STUDY THE LEGAL NEEDS

Hopes to Work Out Program for Congress as to Corporation Control.

WILL PUT IN HIS VACATION STUDYING

Supreme Court Ruling in Commodities Case Discussed by Cabinet.

Washington, May 4.—The decision of the supreme court of the United States in the case of the "commodities clause" of the Hepburn railroad rate law, was discussed at the cabinet meeting today. President Taft repeatedly has announced that he intends to take up and study the question of the control of corporations during the summer months and that he hopes to be in a position next December to submit definite views to congress on the subject. The "commodities clause" decision undoubtedly will have a distinct bearing on his consideration of the matter and it was said today that Mr. Taft will devote himself largely to the subject of recommending to congress the passage of legislation which will prevent the possibility of an evasion of the clause by the coal railroads.

"Under the decision of the court the railroads can carry coal of any company which they do not own outright. Through holding companies, however, they could control the mine and the transportation of the output as though no law on the subject existed. To remedy the act in this respect will be the question to which the president will direct his inquiry. Mr. Taft also will have recommendations to make as to legislation tending to bring railroads and other corporations more definitely under government regulations.

LETS CONTRACT FOR BIG GAS LINE SOUTHWARD

Company to Expend $100,000 to Reach Bluffton and Decatur.

The Indiana Lighting company today awarded to the Oscar J. Current Construction company, of Red Key, the contract for the construction of its artificial gas line from Fort Wayne to Bluffton and Decatur, and General Manager S. E. Mulholland estimates that it will cost the Indiana Lighting company $100,000 to prepare to serve those cities with artificial gas.

Work will begin on the pipe line Thursday, the pipe having been already distributed over practically the entire route from this city to Bluffton, with a branch from Kingsland to Decatur. Four-inch pipe is used, and it will be placed two feet beneath the surface of the earth. Work begins Thursday upon the construction of the gas holder at Decatur, which is to be installed by the Kerr Murray Manufacturing company, of this city. Before July 1 the company will be serving both Bluffton and Decatur artificial gas made in Fort Wayne.

STANDARD REDUCES OILS.

Pittsburg, Pa., May 4.—A reduction of 5 cents a barrel was announced today by the Standard Oil company in the price of all grades of crude oil except raglan, which is unchanged. This is the first change in the Pennsylvania and most of the other grades since March 9, 1907, since which time the Pennsylvania crude has been quoted constantly at $1.78.

DO NOT WANT A LID.

San Antonio, Tex., May 4.—Resenting Governor Campbell's action in putting on the "lid" in San Antonio, a mass meeting of citiens has been called for tonight to condemn his course and plan a counter action. The citizens especially protest against the sending of state rangers here to preserve order.

WESTON CROSSING MISSOURI.

Slater, Mo., May 4.—Edward Payson Weston, the pedestrian, who arrived here at midnight last night from Mexico, Mo., a distance of sixty-eight miles, resumed his long journey at 8 o'clock this morning. Weston is in good condition and expects to spend the night at Higginsville, forty-one miles west of here.

SHAH ENTERTAINS REFORM.

St. Petersburg, May 4.—Special dispatches received here from Teheran say that the shah of Persia has accepted the project for reforms advanced by Great Britain and Russia. The two powers have made arrangements to grant a loan to Persia as soon as the date of the elections shall have been decided on.

BOARD WILL MEET.

The Wayne township advisory board will meet tomorrow night at the trustee's office for the purpose of considering the question of enlarging the rolling mill school and of selecting a site for the new building in district No. 5.

BODIES FOUND IN THE RUINS OF BARN

Mr. and Mrs. Hoover, Elkhart County, Believed Victims of Crime.

NEIGHBORS FIND REMAINS IN FIRE

Theory is That Couple Near Middlebury Was Murdered and Stable Burned.

Middlebury, Ind., May 4.—Mr. and Mrs. Samuel Hoover, residing near this place, were burned to death in a fire which destroyed a straw barn on the Hoover farm at 7:30 o'clock this morning. The origin of the fire and the death of the well known couple are shrouded in mystery and the officials of Elkhart county have arrived here to make a searching investigation. The circumstances surrounding the blaze leads to the belief that Mr. and Mrs. Hoover were murdered, their bodies thrown into the straw barn and the building then fired to conceal the crime.

Found Bodies In Ruins.

The bodies of Hoover and his wife were not discovered until an hour after the neighbors had begun to fight the flames, carrying water in buckets to subdue the blaze. When the fire was extinguished a search of the ruins revealed the bodies of the Hoovers.

The last seen of either of the victims was about fifteen minutes previous to the discovery of the fire, a son passing the farm with some cattle which he was leading to pasture. As the young man passed his father the latter stated that he was soon going into a field to do some work.

The Hoovers Missing.

At 7:30 o'clock, neighbors on adjoining farms saw the fire and the smoke and hastened to the Hoover property. They found the door to the dwelling unlocked and the Hoovers missing. They did not suspect, however, that the Hoovers were in the burning building and no thought was entertained of looking into the blazing structure for the missing family. Mr. and Mrs. Hoover are survived by three children, Mrs. Charles Cripe, Mrs. Lou Artley and Frank Hoover, all residents of Middlebury.

Theory of Suffocation.

One theory advanced is that the Hoovers met death by fumigating the building with sulphur and hot coals, after having placed kerosene oil in various places.

It is reported that $200 is missing from the Hoover house. Frank Hoover, a son, refuses to discuss the death of his parents, saying he has no theory to advance. The bodies are being held pending the coroner's inquiry.

WILL BEAUTIFY MAJESTIC.

Handsome Theater to Be Made Still More Attractive.

Manager M. E. Rice, of the Majestic theater, who returned yesterday from Grand Rapids, where he was in conference with his business partner, Orrin Stair, announces that during the coming summer the handsome Majestic will be made still more beautiful and attractive, and that from $5,000 to $7,000 will be expended in this work.

The interior will be redecorated and recarpeted, additional lighting effects will be installed, an elaborate porte-cochere is to be erected at the entrance to the theater, and marble wainscoting will replace the present ornamental work about the lobby and the auditorium.

Mr. Rice's plans for next season include the continuance of the stock company, but in addition to this the new developments in the theatrical situation promise to make it possible to secure for Fort Wayne a greater number of the stellar attractions now on the American stage.

TEN PERSONS INJURED.

Car on Dayton and Northern Interurban Turns Over.

Dayton, O., May 4.—The turning over of a car on the Dayton and Northern Traction line resulted in injury to about ten persons. Five have been rushed to the hospital and one woman is said to be in a critical condition. She was pinned beneath the car and received serious injuries. The car was coming into the city, due at 11 o'clock and left the rails as it turned a curve at Main street and Fairview avenue, north of the city.

THE SOCIAL ENTERTAINMENTS.

Extensive Program to Be Carried Out by Golf Club.

The directors of the Kekionga Golf club at their meeting last evening instructed the house committee to arrange a social program for the season to consist of the usual Saturday afternoon entertainments and dances every two weeks. The directors also arranged to erect a new stand for all the gasoline auto cars in order that the old stand may be reserved for the electrics.

Edgar Harries is convasecing from a severe attack of tonsilities, which has confined him to his home for the past week.

THE WEATHER.

Chicago, May 4.—For Indiana and Lower Michigan—Generally fair tonight and Wednesday; rising temperature.

Illinois—Fair and warmer tonight; Wednesday partly cloudy and warmer, with probably showers in afternoon or night.

Ohio—Showers tonight or Wednesday, with rising temperature.

TENNIS PLAYERS TO ARRANGE FOR A TOURNAMENT

Meeting Will be Held Soon to Map Out Summer Campaign.

Tennis enthusiasts, stirred by the advent of spring, are planning to form an association and hold a tournament to decide the championship of Fort Wayne. But once has a tennis tournament been held in Fort Wayne. That was two years ago, when Arthur Parry and Dr. B. P. Weaver were victorious in the finals against Miles Porter and Ed Olds.

Last year there was much playing on the numerous courts about the city, but no organization developed. The strongest players are generally found on the court in the rear of the Gross drugstore, and at least one, if not two, teams could be formed from among the club members. The South Side club, the attendants at the Indiana school, the Kekionga Golf club, the Lakeside club, Concordia college, the Spy Run club and others have been suggested to make up the remainder of the teams. If one contest a week were scheduled for each club the teams would meet about twice during the season, and some good sport could be expected. A meeting of tennis players will be held soon in the office of Arthur Parry, Seidel block, to take up organization preliminaries.

WENT OUTSIDE ROOM TO GET BETTER JURORS

Judge Heaton Sends Officer Out on Street—The Courts.

As jurors were excused from the regular panel in the superior court today in the case of Arthur W. Hoge and Gustav Hirsch against George W. Beers, the deputy sheriff under direction of Judge Heaton went out upon the street to get new men and the regulars who sat in the court room and who have been picked up in the past were left sitting there to bemoan the change in the law.

It was the first time that it has been necessary to send out for any considerable number of men in accordance with the new law which says that the names must either be drawn from the wheel or selected from business men of good standing. The suit was instituted to collect $400 from Mr. Beers on the plea that he employed the men who brought the action to go to Leavenworth, Kas., and investigate the condition of the street railway system.

Milk Case Still On.

The hearing in the habeas corpus proceedings instituted by Nelson and John Craig to secure their release after they were arrested Sunday for selling milk without a license was on before Judge O'Rourke all day and hinged principally upon the question of whether the circuit court would sustain an injunction issued by the superior court or let the mater go back to Judge Heaton who issued the restraining order.

City Attorney Guy Colerick took it for granted that the sustaining of his demurrer in the injunction case in the superior court dissolved the order and on this theory the men were arrested. The attorney thought the evidence would all be in by late this afternoon.

Leaves Property to Wife.

The will of the late Horatio K. Ward was filed for probate in the circuit court today and under its provisions the entire estate is left to his wife and she is made executrix without appointment by the court. At her death the remaining portion of the estate is to be divided between his children, Emily L. Shyrock, Anna Marie Ward, Paulina R. Doebler and Alice C. Ward. The will was signed August 25, 1896. Nothing was filed to show the value of the property.

DOLLIVER BLAZES AT TARIFF BILL

[Continued from Page One.]

took, without disturbing the public peace, every act of the party, it was because I loved it; because the young man of that day found it a good deal easier to idealize it than they sometimes find it now. I speak here because I still love the old republican party, and would have its leadership rise to the full stature of its opportunity and its responsibility."

Referring to a recent exchange of words in the senate between himself and Senator Aldrich, Mr. Dolliver said:

"If the senator from Rhode Island intended to humiliate me by the intimation that my course in these matters is dictated by political conditions at home, he unintentionally pays me a compliment which I sincerely appreciate, because this nation has entered upon a new era of direct responsibility on the part of presidents and congresses alike to that enlightened public opinion which ought to be the real government of the United States."

On Former Occasions.

Reviewing the several tariff acts that have been passed by congress Mr. Dolliver said:

"Is it possible that a man, because he voted for the Allison tin-plate rate of 1889 and heard poor McKinley dedicate the first tin-plate mill in America, can be convicted in this chamber of treachery to the protective tariff system, if he desires that schedule reexamined, after seeing the feeble enterprise of 1890 grown within a single decade to the full measure of this market place, organized into great corporations, over-capitalized into a speculative trust and at length unloaded on the United States Steel company, with a rake-off to the promoters sufficient to buy the Rock Island system? If a transaction like that has made no impression upon the minds of congress, I expose no secret in saying that it has made a very profound impression on the thought and purposes of the American people.

Should Reduce the Rates.

"I repeat, therefore, what I said the other day, that the duty of this congress is to reduce the margin of protection provided in the Dingley rates wherever it can be done without substantial injury to the productive enterprises of this market place. It is our special duty to take up those schedules which represent the largest investments of protected capital and, at least, take out of them the rates that are now everywhere known to be extravagant and unnecessary, which rise so far above the level of our real industrial needs as to bring the policy of protection into ridicule without doing anybody any sort of good."

"What I ask today of party leaders," said Mr. Dolliver, "is to take us back, not to 1890, when McKinley in despair turned the making of the wool tariff over to a mass meeting of its beneficiaries; not to 1897, when Governor Dingley's avowed purpose to reduce the McKinley rates was vetoed by the threats and clamor of outside interests; but to 1888, when the senator from Rhode Island labored month after month, day and night, with William B. Allison in the preparation of the only schedule of wool and woolens in forty years in which either the public interest or the welfare of the republican party was made paramount over sordid private considerations."

Dr. W. G. Burkett, after an extended absence in Oklahoma, has returned to Fort Wayne and will associate himself with his brother, Dr. E. R. Burkett, in the practice of dentistry. Before going to Oklahoma Dr. Burkett had practiced here for a number of years and had an extensive practice.

BOARD BUYING PIPE FOR NEW WATER MAINS

Bids Opened This Afternoon—Municipal Notes.

At a meeting this afternoon members of the board of public works in the capacity of waterworks trustees opened bids for 4,000 tons of new pipe to lay new mains and extensions that are to be put in during the summer.

The pipe is three, six, eight and twelve inches and a number of bids were received and taken under advisement until the members have had an opportunity to go over them carefully.

No action was taken today on the question of returning to the Trinidad Paving company a certified check for $1,400 submitted with bids for paving work as the members were all too busy with the work of laying a sidewalk around the top of the reservoir. This also interfered with the question of repairing East Berry street and some immediate repairs necessary to Calhoun street as set out in a communication to the board yesterday afternoon by Chairman E. J. Lennon, who thinks the work can not be put off until all of the legal exactions for new paving have been complied with.

Plans were ordered for the grading of Sherman street from Fourth street to High street, and for the vacation of the alley between Monroe and Hanna street from Jefferson to Madison street.

City Attorney Guy Colerick has been instructed to prepare an ordinance fixing the salaries of the employes of the city's lighting department. This will include the trouble man and the lamp trimmers, as well as the force at the light station.

In writing to her parents, Mr. and Mrs. D. N. Foster, Miss Florence Foster, a student at Smith college, characterizes Miss Helen A. Marden, the girl slain on the college campus by her rejected suitor Thursday morning, as one of the most popular girls in the senior class and a young woman admirable in all respects.

The Good-by Kiss.

People who love one another, and who are separating in the morning, one to go to the work of the day, the other to tarry by the stuff, should not forget the little ceremony of the morning kiss. Not one of us can surely tell what surprise of accident or casualty may be lurking between morning and evening, and every parting, however brief, should be in kindness and affection. The friction born of misunderstanding, the hurt that comes from angry words, the transient bitterness that poisons memory, have no place in ideal home life. Ought not the ideal to be the influence that fills the actual life with beauty and sweetness? Never forget the loving word or the good-by kiss in the morning.

30 MATCHES EACH DAILY

The American people use up the enormous total of 700,000,000,000 matches a year. It is the general belief that matches are the by-product of planing mills and other wood-working factories, but as a matter of fact the best grade of two-inch lumber is used for matches, while sash, doors and blinds are the by-products of the match timber sawmills.

In a single year the manufacturers cut 225,000,000 feet (board measure) of pine in the Great Lakes region, and one of the 150-odd factories used up 200,000 feet of sugar or yellow pine logs every day. The deduction is that in common with other industries of the United States depending upon existing forests the matchmakers are within sight of a shortage in the wood supply.

When the present timber holdings have been depleted, says the Technical World, they, of course, cannot be duplicated in a generation, and the people of this country may have to get along with fewer than 25 or 30 matches a day each, as at present. In their insistent way they will probably demand that the practice of Germany and France be followed, that foresters plant and grow timber especially for matches

WRIGHT BROTHERS A PAIR OF HEROES IN LONDON

Great Honor is Shown the American Inventors of the Aeroplane.

London, May 4.—A demonstration of enthusiasm, remarkable in its character, occurred at the institution of civil engineers last night when the Aeronautical Society of Great Britain conferred on Wilbur and Orville Wright, the aeroplanists of Dayton, O., its first gold medal. Those who had gathered at the institution to witness the presentation cheered and applauded repeatedly, while the Wright brothers blushingly bore their honors through an hour of the warmest eulogies.

Finally the entire assemblage rose up and gave three cheers for each of the brothers. They sang "For They Are Jolly Good Fellows," and ended by cheering Miss Katherine Wright.

Sir Hiram Maxim, Lieut.-Gen. Baden-Powell, Capt. F. S. Cody, an American who is struggling, but thus far unsuccessfully, to perfect his own aeroplane for the British army, and a large number of scientists and women were present.

Speeches were made by Maj. Baden, F. S. Baden-Powell, Col. J. E. Capper, the war office's aeronautical expert, who referred to the Wright brothers as "unspoiled, as though they were nobodies," and declared that the nation which failed to keep pace with the flying developments might get badly left in war, and the chairman of the gathering, Edward Purkis Frost, who presented the medal.

Both Aeronauts Speak.

Both Wilbur and Orville Wright made brief speeches, tersely expressing their thanks. A reception was then held and the brothers were surrounded, questioned and besieged for autographs. Earlier in the evening they were given a dinner at the Ritz hotel by the Aeronautical society. They were the guests at luncheon of the leading aeronautical experts, including seven Englishmen who had accompanied them in different flights in France.

The war office is not likely to conclude arrangements with the inventors until their aeroplane has been given a trial in England in the presence of experts. Engagements in the United States and Germany, however, preclude the possibility of the Messrs Wright being able to attend to this personally for some months, but they have made arrangements with a builder here for the construction of machines and have appointed an agent for Great Britain. Their patents, therefore, will be protected and they expect to sell privately even if the government does not purchase.

MANY ARE SIGNING.

Armory Petitions at Many Points Receive Signatures.

Petitions to congress asking for the appropriation of funds for the proposed Anthony Wayne Memorial building and armory on the site of the old fort have been placed in many drug and cigar stores about the city, as well as at other points, and are being numerously signed. The movement, which has been under way for several months, has the backing of a well-organized association, and the leaders are hopeful of success.

GOVERVNOR IS SLIGHTLY ILL.

Executive Kept to Room Following Mild Attack of Indigestion.

Indianapolis, May 4.—Governor Marshall has been kept to his room since Sunday night with a mild attack of colitis resulting from indigestion, and in consequence of his illness the usual Tuesday night reception at the Marshall home, on North Pennsylvania street, will not be held tonight.

Several years ago Mr. Marshall had a severe attack of colitis, and after his dinner Sunday night he suffered a recurrent attack. Yesterday morning Dr. O. G. Pfaff was called.

The governor at first suffered considerable pain, but last night was resting easy. Dr. Pfaff said that the governor would be in his room only a few days. "It is only a mild attack," said Dr. Pfaff, "resulting from something the governor has eaten that brought on acute indigestion. It is nothing serious and I believe the governor will be all right in a few days."

STATESMAN'S YACHT DAMAGED.

Washington, May 4.—The steam yacht Venice, from Chicago, belonging to Representative Frank O. Lowden, of Illinois, was damaged to the extent of two thousand dollars last night, when in a heavy wind, in the Washington channel, the fish-laden schooner E. M. Roberts, crashed into her. The yacht was at anchor with only her crew aboard.

WRIGHT PATENT PURCHASED.

Berlin, May 4.—The German Motor Airship company today confirmed the report that it has purchased the patents of the Wright aeroplane for Germany, but says that the sum of $150,000 mentioned in the dispatches from Paris is excessive.

ACCIDENTALLY ELECTROCUTED.

Niagara Falls, N. Y., May 4.—Harold Cronin, a choir boy, a member of a Chicago musical organization, was accidentally electrocuted this morning on the Canada side of the river.

CITY BREVITIES.

Among the visiting physicians in the city today was W. F. Carver, of Albion, who, accompanied by Mrs. Carver, made the trip from Albion to this city by automobile.

A business meeting of the Eighth division of the Ladies' Aid society of the West Creighton avenue Church of Christ will be held tonight at the home of Mrs. E. H. Underwood, Maple avenue and Broadway. A business meeting of all the divisions was held this afternoon at the church parlors.

TESTIMONY IS HELP TO SLAYER OF ANNIS

Mother of Captain Hains a Witness in Murder Trial at Flushing, L. I.

Flushing, N. Y., May 4.—Mrs. Virginia Hains, the aged mother of Captain Peter C. Hains, Jr., will come to Flushing to be at hand if called to testify in her son's behalf at Captain Hains' trial before Judge Garretson in the supreme court here for the killing of William E. Annis.

Effort to show that Captain Hains at various times prior to the shooting of Annis acted irrationally was continued by the defense at the opening of today's session.

The defendant's counsel was today preparing the hypothetical question which will be submitted to the alienists upon which to predicate their opinion of Captain Hains' mental condition at the time of the shooting.

Emil E. Hess, an automobile salesman, who formerly had a garage in Brooklyn, testified that Captain Hains came to his garage in June last and asked him what he knew about Mrs. Hains and Annis.

The witness said he told the captain that Mrs. Hains had called up the garage one morning at 3 o'clock and asked him to come to Nineteenth street and Fourth avenue, Brooklyn, with her car. He found her there with Annis, took them back to the garage and offered to take Mrs. Hains to her home at Fort Hamilton. Mrs. Hains is alleged to have said:

"You don't think I am fool enough to go home at this hour in the morning, do you?" And she and Annis left the garage together, the witness said.

Hess said he told Captain Hains that Annis and Claudia Hains had left the garage in the Hains car on three different occasions. The Captain acted irrational while he was relating these things to him, the witness said.

Dr. Clarence N. Platt, attending physician at the Queens county jail, testified that he examined the defendant shortly after his arrest and found his physical condition poor and his nervous system greatly unbalanced. He could get no satisfactory response to his questions. All the captain would say was "I don't remember," the witness said. Asked how he slept one night the captain replied, "I slept all right after Annis left."

"'Annis was here quite awhile and kept me awake,' the captain continued," said the witness. "'Don't you know that Annis is dead?' I asked the captain. At that the prisoner suddenly jumped from his cot, threatened me and shouted, 'You lie! You lie!' said Dr. Platt.

While Mrs. Hains, the defendant's mother, was waiting with General Hains in the sheriff's room at the court house today, she nearly collapsed. She was standing near her husband when she suddenly tottered and he caught her before she could fall.

VOTING IN OMAHA.

Cowboy Mayor is a Candidate for Re-Election.

Omaha, Neb., May 4.—With bright sunshine, the weather not too warm and the general interest stimulated by vigorous campaigning the promise is for a heavy vote at today's city election in Omaha. The liquor question, while not directly at issue, has figured prominently in the campaign.

The democratic ticket is headed by James C. Dahlman, widely known as the "Cowboy mayor" and the republican ticket by John P. Breen, a leading attorney.

GOVERNOR NOT PRESENT.

South Bend Grand Jury is Probing Prize Fights.

South Bend, Ind., May 4.—The county grand jury today began its inquiry into the reports of prize fighting in South Bend. Governor Marshall and his private secretary had been called as witnesses, but had been excused after they stated to the county prosecutor that all they know of prize fighting in this city they had read in newspapers. E. A. Perry, editor of the Hammond Times, who appeared before the jury, made a similar statement. The promoters of the boxing bouts testified that they were within the law.

THE DEATHS.

MANEN.

George Manen, 57 years of age, a cigarmaker, died at 10:30 o'clock Monday night at his home, 1319 Summit street, from paralysis with which he had been suffering for several weeks. His wife is also stricken with the same disease.

Mr. Manen came to Fort Wayne a number of years ago from New York, and was a member of the Cigarmakers' union. The wife and two sons, both residing in New York, survive.

Funeral services Thursday morning at 10 o'clock from the residence under the auspices of the Cigarmakers' union.

JOSEPH.

Jonathan E. Joseph, who formerly resided on a farm near Maples, this county, died Sunday evening at the home of his daughter in Anderson. Surviving relatives here include Mrs. George W. Scott and Jabey, Viola, Ira, Morton and Nellie Brown, grandchildren.

FUNERAL NOTICES.

Miner.—Funeral services for Samuel R. Miner will be held Wednesday morning at 8:30 from the residence, 301 East Berry street, and at 9 o'clock from the Cathedral. Members of the Elks and the Eagles will attend the service.

Kaiser.—Funeral services for John Kaiser will be held Wednesday afternoon at 2 o'clock from the residence, 1224 Putnam street, and at 2:15 o'clock from Trinity German Lutheran church.

DISTRICT DOCTORS HEADED BY VAN BUSKIRK

Officers Chosen at Annual Meeting—Dr. Crile Here for Address Tonight.

Doctors of the Twelfth District Councillor Medical society in spring meeting here today elected Dr. E. M. Van Buskirk, of this city, to act as the official leader of the society during the coming year and chose other officers as follows:

First Vice President—Dr. W. D. Carver, Albion.

Second Vice President—Dr. W. W. Schwartz, Auburn.

Treasurer—Dr. D. C. Wybourn, Sheldon.

Secretary—Dr. J. H. Gilpin, Fort Wayne.

Councillor of the 12th District—Dr. K. K. Wheelock.

There is a good attendance at the meetings, the initial one of which was the clinic at the Hope hospital this morning. It is expected that many, probably a total of a hundred and seventy-five physicians, will be in the city this evening to hear Dr. George Crile, the famous Cleveland neck surgeon, who will speak upon "Surgical Aspects of Goitre."

Create a New Office.

The only business session of the entire day was held immediately upon the convening of the afternoon meeting in the assembly room of the court house at 1 o'clock this afternoon. Dr. E. M. Van Buskirk, who has been the secretary since the founding of the district body three years ago, read his report for the past year and the society is shown to be upon a firm basis both financially and morally.

The plan of the state organiation heretofore has been to select the individual representatives to the state body at Indianapolis but a resolution recommending that each district body select its own delegate was adopted and in accordance with its thought, Dr. Wheelock was made the delegate.

Eye and Ear Treatment at Home.

The first gathering of the doctors was at the Hope hospital at 9 o'clock this morning where a clinic was held under the direction of Drs. Wheelock, Porter and McCaskey, who had arranged to have a number of patients on hand whose diseases were to be discussed. There was a wide variety of cases and among the most interesting parts of the discussion were the words of Dr. Whoolock, who told how eye and ear troubles may be treated in the home at the bedside without resorting to a specialist, particularly if the disease is not too far gone. Dr. Wheelock also told how a patient who for instance resides in the country and during the night is found to be needing the services of special doctors can be tided over till the morning.

Following the business gathering when the afternoon meeting convened, the program of addresses and discussions was inaugurated. Among those who spoke upon stated topics were Dr. S. T. Henderson, of Fort Wayne; Dr. George Murphy, of Leo; Dr. W. W. Carey, of Fort Wayne; Dr. K. K. Wheelock, Fort Wayne; Dr. M. F. Porter, Fort Wayne. Among those who discussed the various papers were Dr. A. L. Kane, Dr. H. V. Sweringen, Dr. G. Van Sweringen, Dr. J. H. Gilpin, Dr. Charles Beall, Dr. B. F. Weaver, Dr. C. R. Dancer, Dr. L. P. Drayer, Dr. B. Van Sweringen, Dr. Allen Hamilton and Dr. G. L. Greenawalt, of this city; Dr. Martin Klingler, of Garrett; Dr. J. S. Gilbert, of Kendallville; Dr. H. D. Wood, of Angola; Dr. H. E. Adams, of Harlan; Dr. W. F. Shoemaker, of Butler; Dr. J. S. Boyers, of Decatur, and Dr. L. C. Cook, of Bluffton.

PIONEER UNDERTAKER IS DEAD.

Man Who Made His Own Coffins Has Passed Away.

Elwood, Ind., May 4.—A distinctive type of the early settlers' days has passed away in the death of Peter Wells, who was the first undertaker in this part of Indiana, and who made, by actual account, 3,375 coffins by hand, from measurements furnished to him by families of the district. Mr. Wells often recalled an order from a farmer, long since dead, who came into his shop with a bean pole six feet and nine inches in length and said it represented the height of his wife, who had just died. Mr. Wells was one of Elwood's wealthiest citizens. He was 83 years old and had been an Odd Fellow sixty-two years.

WOMAN WILL BE RELEASED.

Slayer of Prowler in Cincinnati to Be Exonerated.

Cincinnati, O., May 4.—Mrs. Elizabeth Forsythe, the wife of the newspaper correspondent who shot and killed Louis D. Plowman, a printer, of Canton, Ohio, at her home last Saturday, will be arraigned in police court tomorrow. She probably will be released, the coroner, who investigated the killing having rendered a verdict that Plowman was killed while prowling around her home and that she was justified in shooting him.

ANOTHER HOBO PROJECT.

Leaders of the Unemployed Going to Washington.

Cincinnati, O., May 4.—C. Jefferson Davis, president, and "Arizona," Bob Gillespie, vice president of the Cincinnati unemployed Protective association, started last night to hobo their way to Washington, where they intend to present to President Taft and congress a petition asking that the government give employment to the nation's jobless on the construction of a great national road from New York to San Francisco.

BUILDING WORK IS TAKEN UP AT OLD WAGE

But Contractors are to Take Only One Apprentice Each Four Years.

A general resumption of the building work on brick buildings which has been at a standstill since Saturday noon took place this morning, following a conference of the bricklayers and the contractors Monday evening, when the former withdrew their demands for an increased wage scale to 62½ cents per hour upon the agreement of the contractors to take only one apprentice every four years.

The rapid and harmonious settlement of the differences between the bosses and the employed is gratifying to all, for any extension of either a lock-out or a walk-out would mean a serious impediment to the building work which is now going on in all parts of the city. The step of the contractors taken Saturday noon when they ceased all their work in bricklaying is thus shown to have been a wise one, as now both parties know exactly where they stand and are on mutual terms. The bricklayers have been contending for some time that their wage of 55 cents was too small, but they were very ready to compromise on the agreement that the contractors give up the extra apprentice. This will naturally be a benefit to the men now in the trade as it will lessen the number of workers.

MERCHANTS TO AID NEW TROLLEY PROJECT

Committee Will Aid in Selling Stock for Fort Wayne-Bryan Line.

Substantial assistance was pledged Monday evening by the Fort Wayne Retail Merchants' association to the project for a new interurban line to connect Fort Wayne and Bryan, by way of Harlan and other points. President Murx Dukes was empowered to name a committee of five members of the association to assist in the sale of stock for the road, and it is hoped to place about $40,000 worth of the securities in this city.

Committees Are Named.

Committees were named by President Dukes today as follows:

To Solicit for New Interurban—W. F. Graeter, George M. Haffner, L. J. Libbing, Henry Beadell.

To Co-Operate with Commercial Club—D. N. Foster, E. A. K. Hackett, Jesse Brosius.

In attendance at the meeting was a large delegation of Maysville citizens and farmers living along the proposed route, and R. A. Bastress, one of the officers of the company, addressed the meeting. Mr. Bastress explained that in order to guarantee the construction of the road, stock to the amount of $100,000 must be subscribed, and a considerable part of this has already been subscribed. It is proposed to issue non-assessible gold bonds to the amount of $18,000 per mile of the road, and to issue stock to an equal amount per mile to pay the cost of construction. In explaining the project it was stated that the proposed interurban would follow closely the ridge road between Fort Wayne and Bryan, passing through the territory between the St. Joe and Maumee rivers, which is at this time absolutely without railroad or interurban facilities and would tap a stretch of territory with a direct average population of 2,000 people per mile and an indirect population of fully 1,500 per mile. From Bryan it is proposed to build a branch line to Montpelier, Ohio, which will ultimately furnish a direct electric connection with Toledo. The total distance between Fort Wayne and Toledo by this route would be 101 miles, or about four miles farther than by the Wabash railroad.

Notes are to be given for the purchase of stock, and the notes are not collectible until the road has been built and the cars are in actual operation, and are not then collectible unless the road has been completed within two years from the starting of construction work. The Fort Wayne merchants manifested marked interest in the enterprise and pledged every assistance possible in carrying it forward to fruition.

Following the interurban matter, A. L. Crinns gave a talk on "The Benefits of Good Advertising from the Standpoint of One Who Knows."

TAKE A TONIC FOR NEURALGIA

Highest Medical Authorities Agree on Treatment for This Painful Disease.

Neuralgia is inflammation of a nerve. This inflammation is sometimes caused by exposure to cold, sometimes by the nerve irritation arising from a decayed tooth. Of all causes, however, a general debility of the system is by far the most frequent. Authorities agree that the proper treatment for neuralgia is to build up the strength and health of the body. A nourishing diet and tonic treatment will accomplish this but external applications, as of liniments, cannot. Dr. Williams' Pink Pills are the most valuable tonic for the home treatment of neuralgia, a fact proved by the following case recently reported.

Mrs. Martha Decker, of No. 561 St. Paul avenue, Beloit, Wis., who has been cured of neuralgia by Dr. Williams' Pink Pills, says:

"I suffered with neuralgia ever since I was a young girl until I took Dr. Williams' Pink Pills about five years ago. Each year the attacks became more obstinate to relieve and finally became so bad that I had to give up entirely. I suffered everything but death. I had severe cutting pains through my head and in my side. I could hardly get around for the pains pierced me like needles. My flesh would occasionally become swollen and I would then be in perfect misery. I could not sleep nor rest. My blood was poor and I lost in flesh.

"The doctor pronounced my trouble neuralgia. I took his medicine faithfully for a long time but my condition grew worse instead of better. I really thought I would never get any relief. I decided to try Dr. Williams' Pink Pills, when I read in a paper how a case of neuralgia had been cured by their use. Soon after I began taking them I could see a change for the better. As they were the only thing that had relieved me I continued using them and was cured. I would not be without Dr. Williams' Pink Pills and always recommend them whenever I hear anyone complaining."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. They are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

POE NEWS.

CHARLES FINLEY AT HOME.

Long Exiled Kentuckian Sees His Aged Parents.

Williamsburg, Ky., May 4.—Charles Finley, former secretary of state, who was pardoned by Governor Willson for alleged complicity in the Goebel murder, returned home yesterday. He was met by a large number of friends, who escorted him to his father's home where the touching part of home coming took place. Here he met his aged father and mother who had waited anxiously his return for nine years.

The last dance of the season by the Bachelor's club of the Knights of Columbus will be given tomorrow evening.

SAID HE WAS ROBBED IN FORT WAYNE DEPOT

Minus Funds Saved for Wedding, Italian Shoots Himself at Cleveland.

Cleveland, Ohio, May 4.—Because a thief stole the money he had saved and so compelled him to postpone his wedding, Antonio Colavecchio, aged 26, of 1973 Mayfield place, attempted to take his life Sunday in Lakeview cemetery. He will die.

Five years ago Colavecchio came to this country. He secured work in Fort Wayne, Ind., saved his money and met a girl. A short time ago they decided to be married. The man drew his savings, amounting to $360, from the bank and started for Cleveland. At the depot in Fort Wayne a pickpocket made away with the money.

Broken-hearted over his loss, Colavecchio postponed the wedding and went to Lakeview cemetery, where he fired the shot.

No report of the robbery was made to the Fort Wayne police department, and nothing is known here either of Colavecchio or the alleged crime.

QUITS ROAD FOR PULPIT.

James Martz, Interurban Conductor, Will Become a Preacher.

(Bluffton News.)

James Martz, a well known employe on the Bluffton-Fort Wayne division of the Fort Wayne & Wabash Valley traction line, one of the oldest men on this division in point of service and universally known to the traveling public, Saturday evening tendered his resignation to the company at Fort Wayne and announced his intention of studying for the ministry. Conductor Martz has been known among the men on the road as very strict in his moral standards, and in the local option fights and other matters of that nature he has taken a very decided stand and he stood for nothing unseemly on his car. He is the conductor who early in the spring had some trouble with a bunch of toughs at Sheldon that caused a rough and tumble time on his car for a few minutes. Martz's home has been in Fort Wayne but he made runs into this city every day. He announced that he will take his first study at Valparaiso. He is a married man.

JUDGE PHILIPS WANTS INQUIRY.

Kansas City, Mo., May 4.—Judge John F. Philips, of the United States circuit court, today sent a telegram to Speaker Cannon demanding an immediate investigation of the charges contained in a resolution introduced in the house of representatives yesterday by Congressman A. P. Murphy, of Rolla, Mo. In the telegram Judge Philips insisted that he did not want "A cloud of slander" hanging over him until the next session of congress.

The Melville Clark Apollo Player-Piano

Ever since its introduction the Apollo, the pioneer player-piano, has made steady progress toward the goal of perfection, and thus by keeping in advance of its IMITATORS has maintained its SUPERIORITY. We respectfully solicit a visit to our warerooms, where we will be pleased to demonstrate the merits of our pianos and player-pianos and let you be the judge as to which is the best.

Our line consists of the following well known makes:

MELVILLE CLARK APOLLO PLAYER-PIANO

SOHMER CECILIAN

GABLER CECILIAN

FERRAND CECILIAN

AMERICAN PLAYER-PIANO

and the

MATCHLESS MILTON PLAYER-PIANO

All play the standard sixty-five and eighty-eight-note rolls, nine to an inch. Our prices on player-pianos are from $100 to $150 lower than elsewhere on the same grade of instruments.

We sell a good, reliable sixty-five and eighty-eight-note combination player-piano for $450. It pays to trade with an established and reliable house, where you know that every agreement is lived up to.

There are some things France could do that would hurt our feelings more than putting James Hazen Hyde in jail.

Looks as though poor old Ab was in for it. Seems to be no inconvenience whatever for the new party to find the kind of evidence it wants.

Wild game in Africa is doubtless prepared to take violent issue with the expert who declared T. Roosevelt would be greatly handicapped in his marksmanship by the fact of spectacles.

It is much to be hoped the present revival of the old Fort Wayne, Hicksville and Bryan interurban project will come to something tangible. The line as proposed would cut through a wide region thickly populated and greatly in need of such accommodation as the line would afford.

It must be understood that any action taken, resolutions passed or memorial adopted by the Chicago peace conference does not apply to nor in any wise bind either Uncle Joe Cannon or the insurgents in the house of representatives. Otherwise peace is a mighty good thing and should be pushed along.

A great victory for the railway rate law has been won in the supreme court decision upholding the "commodities clause," which is found to be as constitutional as an appropriation bill and as harmless to the roads involved as a resolution of censure. In other words the commodities clause has a right to prohibit the things it was meant to prohibit, but merely doesn't do anything of the sort. Great law. Great law-making.

The option results in Delaware county have removed all doubts from the minds of the Madison county anti-saloon leaders and an election has been ordered for that county May 26. Anderson, Elwood and Alexandria, three very considerable manufacturing cities, are in Madison county. Elwood has been "dry" for some time by remonstrance. It is not believed there is any reason to doubt that the county will vote to banish the saloons, though the liquor interests will in all probability make a strenuous resistance.

There is just a pinch of evidence that President Taft is beginning to realize what it means to "have congress on his hands," and is becoming a bit impatient. There is more or less persistence of gossip that he will veto the tariff bill if it fails to redeem what he conceives to be the pledges of the republican platform on tariff revision, but that talk is quite as cheap as any other brand of conversation. The tariff bill will have to be a good deal worse than even it is likely to be and come further from fulfilling the party pledges than there is any probability that it will before Mr. Taft will take responsibility for perpetuating the treasury deficit and depriving the country of such measures of relief as the bill affords. There will be no veto and there is not much probability, either, that the measure now before the senate will greatly differ from what Mr. Aldrich has designed it shall be. Western senators are pouring some hot fire into it, but such noise is for home consumption. They do not purpose any more than they expect to change votes in the senate, but they do purpose and expect to have some effect on the votes of old constituency. There must be some oratory and some fireworks, though distasteful enough to Senator Aldrich, who isn't at all of that breed of statesmen. After that the bill will be passed and the house brought over to see the matter as the senate will have seen it, and it being along about knee-deep in June, and hot weather in full flare and the country dog-goned tired of the tariff and business still stagnating and all that—just let it go. Why wait a month to do it?

The conduct of the wheat market rather indicates that some very mean and perhaps envious flings have been had at Jim Patten, the bull king who fled from the maddened crowd to the vast wilderness after cleaning up a million or so on a very good judgment coupled with undeniably adroit market manipulations. That wheat is worth more intrinsically than the recent general level of prices is patent. Whether it is worth what Patten has declared it was and is, is another matter, but the real price is remarkably proximate to the ruling price in the market. It may be that the market is still being extensively monkeyed with, and that Patten and his crowd haven't got done running corners. That, however, will not explain everything that shows on the surface of the market. The wheat king now in retreat on a western cactus ranch appears to be coming into a choice consignment of apologies.

DON'T BELIEVE HER STORY.

Girl Tells Queer Tale of Being Spirited Over to Lakeside.

The police announced today that they do not believe the story told by Elsie Pickard, a waitress, who was found on East Columbia street early this morning and who said two men had put a bag over her head and forced her to go with them to Lakeside. She fainted, she said, and came to five hours later on the dike.

There is a street light at Clay street at the west end of the bridge, another at Edgewater avenue, immediately east of the bridge, a drugstore within a hundred feet of the east approach and the bridge is generally full of pedestrians early in the evening at the time the girl says she was attacked. She was picked up about 2 o'clock this morning and her clothes were covered with mud. The girl has been employed as a waitress at a Columbia street restaurant and there were no marks of an assault.

RECEIPTS SHOW INCREASE.

Revenues From Beer and Tobacco Stamps Higher Than Last Year.

Receipts of the internal revenue stamp office in Fort Wayne for April were $15,069.57 for the sale of stamps for beer, tobacco and cigars. For the corresponding month of last year the figures were $14,926.62.

The local revenue office was closed Monday afternoon from 2 to 4 o'clock, during the funeral of Mrs. E. H. Neal, wife of the collector of the Indiana district, which was held at Jonesboro. Deputy Collector L. P. Sharp, of this city, was in attendance.

CIVIL SERVICE CLASSES.

Small Examinations in Fort Wayne Wednesday and Thursday.

Four applicants for federal appointment as food and drug inspector and one land law clerk will take the civil service examinations in Fort Wayne for these positions Wednesday and Thursday.

Others to follow include those for architectural draftsman on May 19 and 20; inspector of weights and measures, chief of training school and engineer and miller on June 2, and medical interne on June 16.

FIRST CIRCUS BILLED.

Hagenbeck-Wallace Show in Fort Wayne Saturday, May 22.

Advance billing has begun in Fort Wayne for the first circus of the 1909 season—the Hagenbeck-Wallace shows, which will reach the city on Saturday, May 22.

It is said that the Miller 101 Ranch will also be seen in Fort Wayne early in the season, with probably Barnum & Bailey or the Sells-Forepaugh shows later.

A HIGH AND HOLY MISSION.

Four Hundred Women Gather in Boston for Whist League.

Boston, Mass., May 4.—Four hundred women from many sections of the country assembled today in the parlors of the Hotel Somerset for the opening game of the annual congress of the Woman's Whist league. Play will continue through the week. Nearly every large whist club in the country was represented while most of the smaller organizations sent delegations.

The first rounds of play were begun at 10 o'clock in open progressive pairs for the Washington, Cavendish and Boston trophies and the Philadelphia cup for women playing to qualify for the Brooklyn trophy contest. A special section of the parlors was reserved for play in mixed pairs, where men were allowed to compete.

HANG PROFESSOR IN EFFIGY.

Instructor in Wisconsin School Makes Himself Unpopular.

Appleton, Wis., May 4.—Charles W. Trent, vice president of Lawrence college and instructor in physics, was last night hung in effigy on a trolley wire on the city's main thoroughfare in front of the college campus. The effigy was labeled "Abdul Hamid Treat." Vice President Treat has expelled four of the most popular fraternity men in the college during two weeks in which President Plantz has been out of the city. Two of those expelled are members of the Glee club and the entire thirty-six members of that organization threaten to leave the college. The case will be appealed to President Plantz. Many of the students threaten to leave college unless Vice President Treat is removed.

WEALTH THE POWER IN AMERICA, NOT THE STATE

Historian Ferrero Writes of His Impressions for Newspaper.

Paris, May 4.—The observations on the United States of America by Guglielmo Ferrero, the Italian historian, which are appearing in the Figaro, are attracting much attention. Signor Ferrero finds that the immense power wielded by the rich in America is due to their untrammeled activity, particularly as compared to Europe, where the state retains more or less control of all enterprises. This freedom of private initiative in America the distinguished Italian attributes to the fact that fear of the state was the underlying principle of the American constitution.

The founders of the republic, Ferrero says, were imbued with the French philosophy of the eighteenth century, and they could not foresee the formidable forces which would emerge from the development of the gigantic resources of the land. As a result the American millionaire occupies a different position. He assumes responsibilities which in Europe fall upon the state and with responsibility comes power.

"Owing to the weakness of the state in America all the superior intellectual and moral life of the country, scientific as well as religious, is falling gradually under the influence of the wealthy classes."

Yet this state of affairs, he affirms, is not as monstrous as is believed in Europe, where the difference between the state and the forces of capital in America are not understood.

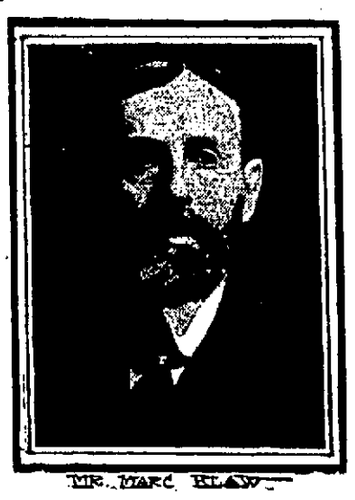
Warring Theatrical Magnates Who Have Signed a Peace Pact

MR. DAVID BELASCO.

MRS. FISKE.

A. L. ERLANGER.



MR. MARC KLAW.

New York, May 4.—After five years of bitter antagonism, David Belasco and Harrison Grey Fiske have patched up their quarrel with Messrs. Klaw and Erlanger and went into the fold of the theatrical syndicate.

This declaration of peace came in the form of an official statement issued from the office of Mr. Fiske and sanctioned by the other managers. It means, in essence, that Mr. Belasco and Mr. Fiske and Messrs. Klaw and Erlanger will play attractions in one another's theaters whenever it is desirable to do so, and that the historic lawsuit over the profits of David Warfield's tour in "The Auctioneer," which has dragged through the courts for four years, will be discontinued under an amicable agreement.

It was the clash over the profits from "The Auctioneer" that started the war.

The amount involved was only $6,000, but vastly larger sums have been spent by both sides fighting the case, which is now pending in the appellate division of the supreme court. Only recently Mr. Belasco said that his battle with the syndicate had cost him $1,000,000 through his inability to play in the theaters controlled by that body, while the syndicate itself had lost hundreds of thousands of dollars in profits that would have accrued to it from such Belasco money makers as David Warfield, Mrs. Leslie Carter, Blanche Bates and Frances Starr.

END OF A RED NOSE

New Flesh-Colored Product That Heals and Hides Skin Imperfections.

A peculiar feature of poslam, a new skin discovery, is that it is naturally flesh-colored and contains no grease, so that when used on the face for the complexion, or for pimples, red noses, or any other inflammations, blemishes, or discolorations, its presence cannot be detected. It can thus be applied in the daytime, the natural color of the skin being immediately restored and the actual healing and curing process accomplished in a few days. It can be had of any pharmacist who sells pure drugs. Meyer Brothers' Drug Stores make a specialty of it. Fifty cents worth will answer either for the troubles mentioned or in curing ordinary cases of eczema. Itching stops at once.

The Emergency Laboratories, No. 32 West Twenty-fifth Street, New York, are the sole dispensing agents for poslam in the United States, and will send an experimental quantity free by mail in plain wrapper to all who write for it. This will show results after an overnight application.

OUR COMMON CAUSE

The identity of interests, pointed out in our previous talk, between the City's humblest citizen and the public service corporation that provides him with the only family carriage he can afford and the only family light that can be had at less than cost means what?

Is it not evident what it means to the Company, since it must depend on the increasing prosperity of the citizens to enable them the more freely to use the Company's cars and lights?

The more spent for family convenience and enjoyment in trolley rides and the greater family surplus devoted to increased household lighting, the more certainty of Company earnings sufficient to justify future dividends and future extensions of service.

If the increasing prosperity of the citizen means so directly the prosperity of the Company that handles his conveyance and his light, what necessarily must be the fixed policy—the attitude—of any foresighted Company towards the individual interests of that citizen and smaller taxpayer?

To ask the question is to answer it.

Now, the humblest citizen must both live and multiply. He must have healthful, safe and clean surroundings and be provided with the educational and other opportunities that provide mental and moral equipment for a useful life and a life worth living.

His district must be properly equipped with sewers and those sewers frequently flushed—as is not now the case.

There must be an adequate supply the year round of clear, pure, drinkable water—not now existing.

His home and contents must be protected from destruction by a fire department up to higher standards in numbers and convenience of firehouse location.

His street must be graded, surfaced and drained in such a way as to make his home accessible and both street and adjacent alley so cleanly kept as to prevent their being breeders of malaria and other disease.

His street and alley must be lighted to the safety point and properly policed and ample school facilities for his children provided.

That is what the property he owns or occupies is taxed for and what he should have.

That is what he has not had the time and pull and persistence to secure after his day's toil in shouldering the bread-and-butter responsibilities of a growing family.

Because he has not had that surplus time and energy to push his demands he has accepted, year after year, the empty promises of politicians and candidates as value received for the vote he has given.

1909 has come and what do we find? A Fort Wayne behind the procession in EVERYTHING which makes for the PROSPERITY OF ALL, that ALL including the very workers that have been essential factors in the City's growth.

Underlighted, underpoliced, underpaved, undercleaned, undercared-for generally, we find our City government engaged in costly, losing and futile municipal lighting experiments with the funds to which the smaller taxpayer has contributed.

To catch up with the procession—to satisfy even the MORE URGENT NEEDS OF ALL—we find ourselves facing an inevitable increase of taxation or of bonded indebtedness, or both.

Making common cause, then, against municipal waste and municipal inactivity, let us together talk over the situation and its demands forthwith.

IN THE CITY'S CHURCHES

DEACONS OF BAPTIST CHURCH PLAN A RECEPTION

In Honor of New Members —Affair to Take Place Friday, May 21.

According to plans made at a meeting of the board of deacons at the First Baptist church Monday evening, a reception for all new members received into the church since January 1, will be given on Friday evening, May 21. A short program, the introduction of new members followed by the serving of refreshments, will constitute the main features of the reception.

During the month of April the following were baptized at the First Baptist church by Rev. John F. Vichert: Elizabeth Thorpe, Clara Wartenbee, Marion Leonard, Alice Leonard, Hazel Southern, Agnes Philley, Elonway Williams, Mrs. C. M. Beck, Wilbur Hood, Arthur Kadletz, Franklin Randall, Elmer Boegli.

—

On Friday afternoon, May 14, a reception in the church parlors will be given by the Women's Missionary circle in honor of Mrs. John F. Vichert. A very enjoyable reception was given on Monday afternoon by the ladies of the church at the home of Mrs. Harry M. Bowser, East Creighton avenue and Thomas street, in honor of Mrs. Vichert, wife of the pastor, and Mrs. L. L. Henson, of Providence, R. I., wife of a former pastor. The home was artistic in its decoration of palms and ferns. Yellow was the prevailing color in the dining room, where a brass basket of snapdragon occupied the center of the table. Many guests called during the receiving hours to welcome Mrs. Vichert, who, with her sons, spent the winter in Orlando, Fla., and to express their pleasure in Mrs. Henson's visit to this city.

—

The ladies of the northwest section of the First Baptist church will serve a supper in the church parlors from 5:30 to 7:30 o'clock on Wednesday evening, May 12. A small fee will be required for the supper.

—

According to the financial statement of the First Baptist church for the month of April the amount of $44.21 was paid on the total indebtedness of $1,279.65 from April 1 to May 1.

CATECHUMENS NUMBER NINE.

Rev. H. P. Dannecker Instructing Class at Sheldon.

Rev. H. P. Dannecker, pastor of St. John's Evangelical Lutheran church, spent this morning in Sheldon where he went to instruct the class of catechumens at St. Mark's Lutheran church. The class numbers nine and its members will likely be confirmed within a few weeks. Rev. Brandt, of Botkins, Ohio, who was extended a call to the pastorate at Sheldon, has not as yet signified his acceptance. Tomorrow afternoon Rev. H. P. Dannecker and Rev. B. F. Brandt, pastor of Grace Evangelical Lutheran church, will go to Sheldon to officiate at the funeral of Michael Springer. The former will conduct the services in German and the latter in English. On Thursday morning Rev. Dannecker will make another trip to Sheldon to instruct the class of catechumens.

TO DISCUSS AFFAIRS OF IMPORT

Meeting of Official Board of West Jefferson Street Christian Church.

An important business meeting of the official board of the West Jefferson street Church of Christ will be held on Wednesday evening at 8 o'clock. A full attendance of the members of the board is urged. Among the matters of import that will be discussed will likely be that of securing a new pastor to fill the vacant charge. The church has been successful for some time in securing pulpit supplies for the Sundays, but it is hoped to soon have a resident pastor.

AN EVENING OF MIRTH.

Assured All Who Attend Luther Society's Program Thursday Night.

The Luther society of St. John's Evangelical Lutheran church will appear on Thursday evening at the parochial school in one of the most amusing and entertaining programs it has ever offered. "The Singing School," a farce in two acts, will be the vehicle with which they will demonstrate at least a part of the histrionic ability of the energetic young men and women of the organization. Humorous situations, unique characters, sparkling plausibility of argument on the part of the vocalists playing the roles in the farce, mirth-provoking efforts from the beginning to the grand finale of the program will undoubtedly attract a large and appreciative audience. Music for the production will be furnished by the orchestra of St. John's church.

STOCK IN BIG DEMAND.

Lively Subscription for Hamilton Bank's New Issue.

While the new increased issue of Hamilton National bank stock has not yet been placed upon the market, there has been a lively inquiry for it, and on the first day after the announcement was made there were inquiries for $30,000 of the new issue of $100,000.

The vote of the stockholders required to legalize the new issue will not be taken until later in the month, but sufficient waivers have already been signed to assure the issue, which is to be placed in small blocks at 225.

FORTUNE TELLER IS RELEASED UNTIL TOMORROW

Is Told He Must Quit Business Here or Get a License.

A fellow giving the name of Purtecy LeConte and with everything about him but his nerve frayed at bit at the edges, was in the city court today on the charge of setting up as a fortune teller without having first procured a license and let go on his own recognizance until tomorrow. He has been holding forth in the Vordermark building and drew his customers, if he got any, by means of cards shoved around under doors. One of these, handed to the police department by Member Calvin K. Rieman, of the board of public safety, led to the arrest.

The city places a prohibitive license fee on fortune tellers for the protection of people who have shown themselves unable to protect themselves. There have been a number here who have departed and in most instances a goodly lot of money hoarded by women who were too careful to put it in the bank, has gone with them. Some of the victims have registered what the police term a "holler" and some haven't.

Mr. Purtecy LeConte may be all right, but he must come across with the big license fee before he has the opportunity to show whether he is or not. If he skips the police will be satisfied as they want to get rid of the craft just as easily as possible. If he don't skip he'll have to answer to the court tomorrow morning.

Mr. Purtecy LaConte had another trying little experience yesterday when he went to demand satisfaction of Editor Gart Shober, of the Labor Times-Herald, who said something in his paper to hurt the feelings of the fortune teller.

As he left the door he called Mr. Shober a bad name and Mr. Shober was up and after him in a minute. He is the better runner of the two and got away without damage, after being pursued for a block by the editor man.

Calc'lated to Join.

When Wesley Sams left the thriving village of Fremont, Ind., he "calc'lated to join the marine corps," but he wandered into a saloon and then into another and then he went to sleep way out on Walton avenue and woke up when Patrolman Golden gave him the hot foot. He couldn't tell where he got his liquor. He is only nineteen and the judge let him go. Detective Lenz fixed him up with a hat and he seemed glad to get away.

The Other Cases.

Samuel Kingsley, who took two of Phillip Schultheis' saws last November for the purpose of sharpening them and then pawned them for 75 cents, was charged with petit larceny and drew $5 and costs and thirty days.

Charles Franke, a horse trader, got drunk yesterday and in driving up and down Harrison street in a most reckless way he ran down an old man named Herman Pranger, who had just delivered the new patrol wagon team to the police department and was on his way back to Decatur. He got a fine of $5 and costs and will probably be arrested on another charge if he pays up.

Frank Goodman, the one-legged tramp who made such a desperate fight when Patrolman Dickson arrested him yesterday, was up for drunkenness and was fined $25 and costs, as he had been previously convicted.

Says Boarder Robbed Her.

Mrs. Baumgardner, of 1312 Burgess street, reported to the police that a rolling mills employe named John Klein, who boarded at her house, went to the place yesterday in the absence of the family and stole a gold watch and a small sum of money by forcing open a trunk.

Notes of Matters Musical.

J. B. Archer conducted the rehearsal last evening of "The Swan and the Skylark," because Prof. William Miles is confined to his home by sickness.

A. E. Richard is conducting weekly rehearsals of his chorus, which is to give a concert in June and will sing "Gallia" and "A Song of Victory." There are seventy-five people in the chorus and Clara Zollars Bond is to be the soloist. Both musical works are written for soprano solos.

The annual popular concert of the Morning Musical will be given on Friday evening in Elks hall. The admission will be as usual, but ten cents, and no seats are reserved.

IN THE THEATERS

The stock company has an offering at the Majestic this week that is wholly likeable but is entirely different from any performance the company has given. The play, "Wearing of the Green," written by Dion Boucicault, is a sweet and almost pathetic drama of Irish history, way back in the period of 1798. The story concerns the life of the peasantry when martial rule was established in many districts to quell the uprising here and there against oppression and the crown. Two innocent young people, Shaun and Arrah, are made to suffer on their wedding day and are separated and Shaun cast into prison because of their loyalty to each other and to Arrah's foster brother McCool. No prettier story of devotion to love and kinship could be desired than the sweet story of these two faithful Irish peasants ready to suffer the anguish of death rather than to betray each other or deliver into the hands of the law him whom they suppose to be innocent of all wrong except that of rebellion against the oppressor. There is plenty of comedy too, in the play, and the Irish songs which Shaun sings to express his joy, happiness or sorrow as the case may be, are one of the great features of the performance. The company is presenting the play exceedingly well and the scenic effects are unusually pretty. Mr. Jones as Shaun, is delightful, whether singing the sweet old songs as he makes love to Arrah or portraying the anguish of his heart in the prison after he has been sentenced to death. In the moments of comedy and in serious scenes Mr. Jones was the part of the happy, generous hearted and faithful Irish peasant. Miss Dunbar played the role of Arrah with her usual ease and intelligent conception of the role. Mr. Nicholson has a chance to lose himself again entirely in a part and as the government collector and natural spy, Feeney, this versatile member of the stock company wins new praise. Miss Gillingwater has a character role she makes much of and together with Mr. Atcherly, as Oiny, give an unusual bit of funny "business" which brings down the house. It is interesting to note right here, that Mr. Boucicault was the first actor to introduce this particular act of the two comedians and did it in this very play. Miss Dorset has the role of Fanny, with whom the rebel, played by Mr. Brickert, whose acts get his foster sister Arrah and her husband into all their trouble, is in love and is plotting to marry. Both roles are well carried. Mr. Preston makes a hit as the kind hearted Colonel O'Grady. A distinctly beautiful feature of the production is the playing of Irish melodies by the orchestra during intermissions.

At the Vaudeville.

There is a lively bill of entertainment at the Temple this week. It presents more variety than many bills do and its distinctive features are calculated to please the most exacting patrons. Interest centers in the appearance of Mr. and Mrs. Wright Huntington again on a local stage, who, after a season in stock company work, have joined the ranks for the summer in vaudeville. Supporting Mr. Huntington and Miss Gerard, as Mrs. Huntington is known on the stage, is Jack Chagnon, a clever actor who contributes to the success of the vehicle, "A Stand-Off." Their performance is a lively one-act comedy of the farcical uproarious kind in which Mr. Huntington has opportunity to display his skill as a comedian and artistic management in stage craft. Miss Gerard has a role that she gowns with beauty and acts with equally good taste and skill. The act goes with a rush and was received with enthusiasm by the audience. Miss Gerard was presented at the matinee performance with flowers.

The World's Comedy Four have a laughable act and their singing is tip-top. Redford and Winchester, jugglers, present one of the neatest and cleverest acts seen during the season. They have several novelties and their comedy is unique and lively. Miss Adele McNeill proved herself what she was billed to be, "a demure singer of dainty songs," and her clear enunciation and sweet voice both were pronounced good qualities of her act. Other numbers of a bill of all round excellence are Ernie and Mildred Potts, Dorsch and Russell, Miss Ilda Schnee and the moving pictures.

GOING TO HUNTINGTON.

District Meeting of Ben-Hurs Will Attract Big Crowd.

From three hundred to four hundred Fort Wayne members of the Tribe of Ben-Hur have signified their intention of attending the district meeting of that order at Huntington Wednesday and Thursday, and the traction system is preparing to handle a big crowd on that occasion. Kendallville, Garrett and other cities to the north are also planning to send their delegates by way of Fort Wayne.

Clam Broth.

Scrub and rinse one-half peck of clams; put over the fire in one-half pint of cold water; cover and steam until the shells are well opened. When the clams are cooked, drain off the broth, strain, season with pepper, reheat without boiling and serve at once. A spoonful of whipped cream is often served on the top of a cupful of clam broth, but the broth needs be very hot or the cream will cool it too much.

Savory Rice.

One onion, 1 cupful milk, salt, pepper, 1 tablespoonful cornstarch, 1 egg, 2 tablespoonfuls grated cheese or of cooked chopped meat, 1 tablespoonful butter or dripping, 2 cupfuls water, 1 cupful rice.

Chop up the onion, pour boiling water over it and let it stand for ten minutes, after that drain it dry. Put into a saucepan the rice, add butter, pinch of salt and pepper, chopped onion and water, let it boil slowly for three-quarters of an hour without touching it, and with the lid on. Then stir in the cornstarch, the milk and egg beaten up, keep stirring until it boils, turn out on a dish and brown the top in the oven. For a change the cheese may be added along with the other ingredients at the last, or the chopped meat.

Popular Shirt Waist Model

By Mrs. Jane Ford.

The shirt waist has an important place in the summer wardrobe this season, and the pattern for the one offered here is particularly smart. It is cut in six sizes, from thirty-two to forty-four inches bust measure. To copy it for the average woman requires two and three-eighths yards of material thirty-six inches wide, or one and seven-eighths yards forty-four inches in width.

This design is stylish yet easy to make.

Blouses, following the present vogue for color decoration, are trimmed in various ways. For instance, a white linen copy of this pattern had a wide band of wash braid embroidered with a Greek key device in pale blue, applied to the front box plait and the edge of the collar and cuffs. Another equally fetching waist was of natural colored linen. The box plait, collar and cuffs were embroidered with metallic green polka dots about the size of the end of a lead pencil.

A waist of fine lawn, batiste or linen would be pretty if each tuck were feather stitched along the line of stitching and the box plait and broad plain spaces between the tucks ornamented with French knots arranged in groups.

If the material selected for the waist were of a pale shade of pink or blue the embroidery could be done in white or the color scheme reversed.

Applique is a form of trimming that is most satisfactory if neatly done. And squares, diamonds or circles of lace or embroidery basted in position on the goods, and the edges overseamed to the material, are effective when the goods is cut from under the applied design, leaving sufficient edge to turn back and hem neatly.

HATS FOR ELDERLY WOMEN.

How appealing the display of new millinery must be to the average middle aged or elderly woman, for there are such odd braids of straw in grotesque shapes with eccentric trimmings that only chance or diligent search will reveal a hat or bonnet that is not too youthful. The shapes elderly women will wear are the turban, the toque and the three cornered Napoleon. The last named has not been in favor during the last two years, but this season it will be popular. The straight, well set up middle aged woman looks extremely attractive in a hat made on these lines with a stiff cockade arrangement standing upright from the left front corner, if for morning wear, or a piece of black Paradise or other feathery ornamentation caught with a jet ornament, if the hat is for formal occasions.

Flowers are not used to trim such a shape, except when arranged in the little market bunches and employed for holding the brim to the crown, and even in this instance I think some stiffer decoration would be a better choice. For example, a quill, a ribbon bow or a wing.

Fortunately, the turban, a style so generally becoming, can be secured in a great variety of shapes and sizes, for there is a pretty crin hat with high crown and small, close brim that will become the short, little woman possessing dainty features. She will probably choose trimmings soft and fluffy, such as rosettes of tulle and tiny ostrich tips, or soft ribbon and graceful sprays of lilac or forget-me-not.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose, Say Druggists Meyer Bros. Co.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight.

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautiful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggists Meyer Bros. Co. will return your money. You certainly can afford to try Samose on this guarantee.

Our agents are instructed to sell Samose under the guarantee of money back if not satisfactory. The Dr. Howard Co., Binghamton, N. Y.

"There's a Reason"

How to Beautify Coarse and Shaggy Eyebrows

Patience and care can do much to improve the unsightliness of coarse and heavy eyebrows, for brushing and the use of controlling applications effect a change, but one that will not come quickly. For this reason many persons grow tired of trying, and when no beneficial results are accomplished in a few weeks, give up the effort, instead of continuing the treatment for months before expecting any radical improvement.

To cut the brows because they are too heavy, or are coarse, is one of the greatest mistakes that can be made, because the new hair that grows in will probably be bushier and stiffer in texture. If the line of the brows is too wide, and it is desirable to narrow it, to alter the facial expression, there is nothing but to have the hairs removed by an electric needle—the operation being done by a person who is competent. When improperly done it merely stimulates the roots to put forth a new and stronger growth.

When the hairs are stiff they must be softened by an application of grease. This may be rubbed over morning and night, and then a small brush, something like the kind used for the teeth, is smoothed over and over the growth, directing the hairs at the angle in which they should grow. As the grease is absorbed, it may be necessary to add more. White vaseline is excellent for the purpose.

When the brows are positively unruly a paste of quince seed may be used. It is made by boiling a tablespoonful of quince seed gently in three gills of water until the quantity is reduced to two gills. It should be strained while hot. This, when cold, is applied to the brows, a little at a time. By doing it in this way the hairs may be laid in the direction they should go; and the paste, dried on quickly, will hold them in place. More paste must then be applied to last for several hours. It may only be put on at night, as it shows strongly. In the morning it should be washed off with hot water and then a little grease before brushing vigorously.

If a woman who finds her brows growing longer than she wishes refrains from using scissors she will find that the length does not increase to any degree that is noticeable.

CARE OF THE EYES.

Treatment for Puffiness Under the Eyes and Swollen Lids.

Puffiness under the eyes, which is most disfiguring, sometimes is merely from fatigue, although not uncommonly it indicates internal trouble. In the former case rest will restore the normal condition. As soon as any swelling becomes evident, a person should lie down in a darkened room. By the bed or couch there may be a basin of hot water, and two cloths are required. One of these, hot and wet, is kept constantly over the eyes. A rubber bag is not a substitute in this case, for it will not adhere to the skin. The cloths must be kept as hot as the skin can endure without smarting, and they should be kept on for fifteen minutes.

In ordinary cases a further rest of half an hour will complete the cure, but sometimes the application of a cream is beneficial after the final cloth has been removed. This lotion should be gently massaged into the flesh. An excellent lotion for this treatment is made from ten grams each of lanolin and vaseline, five grams sweet almond oil and three grams of sulphate of aluminum. To prepare, melt the lanolin in a cup set into hot water, adding the almond oil as soon as the former is soft. Remove from heat, and beat in the sulphate before the cream hardens. This is rubbed in with an even, gentle stroking that will take five minutes. After that any superfluous amount is wiped off.

Swollen lids usually yield to the same treatment as that given for puffiness under the eyes, which includes an astringent that is soothing. The formula for this consists of five grains each of powdered alum and sulphate of zinc in a gill of distilled water. It is bottled and shaken until the powders are dissolved, then filtered through coarse brown paper. Boiled water may take the place of filtered. To use, the lotion is poured on a soft cloth and the eyes are mopped.

Suit of New French Gray

PHOTO BY JOEL FEDER.

Coal dust is the new French gray and is a bit darker than the familiar gun metal shade. This stunning coat and frock suit are made from finished mohair, a charmingly lustrous and supple mixture of wool and mohair threads which French dressmakers are using for cool, dressy suits. The embroidery is done in self color, and the hat, of black Neapolitan, with dashing black feather and jet bead trimming, adds snap and character to the soft gray costume.

THE CAMP IS PITCHED

And the Red Men Are Jubilant Over a Week of Fun.

Red man or not, father, mother, brother or sister, you should not miss the fun at Princess rink every evening this week. The Red Men's trading post and camp was pitched and opened to the public last night amidst a throng that was one of the largest in the big auditorium. The one main trouble with the trading post lies in the fact that one can not do everything at once. It is just like a big circus, with each ring presenting a first-rate attraction and yet two eyes do not suffice for all the rings. Whatever the inclination of the visitor may be, he will be able to find something to his liking at the big time conducted by the Mechecaunnochqua tribe, No. 106.

The general committee, headed by William H. Aiken, has nothing but appreciation to say of the attendance last evening with the prospects of a testing of the rink every one of the next five nights. A great program of singing and Indian dancing is arranged for each evening, though the program in reality comprises but a small part of the evening's entertainment, the war and Indian whoops and the rush and the bustle contributing much.

The decorations and arrangements at the rink are catchy and attractive with the misses, who are always endeavoring to make one give up their money naturally much in evidence. Two orchestras are to be on hand each evening. The program for tonight is as follows:

Indian trail on street to the rink, 7:30; march, "Roscoe Military," R. W. Hall; tableaux, Snake dance, Yaqui; waltz, "Moonlight," Reed; song, "Red Bird," Otto Lenz; buffalo dance, Pocatello; Indian maidens' trail; dancing.

A BAD BACK MAKES LIFE'S JOURNEY HARD

Fort Wayne Testimony

Proves the Wonderful Merit of Doan's Kidney Pills. Willing Statements of Residents of Our Own City. This is Proof that You Can Verify.

Baker Street

Mrs. Mary Sutley, 301 Baker St., Fort Wayne, Ind., says: "I was in bad shape as a result of kidney trouble about three years ago. My back ached all the time, I was very nervous and had frequent spells of dizziness. A few boxes of Doan's Kidney Pills, procured at Meyer Brothers Co.'s drug store, freed me from these troubles and I have not been bothered since. I occasionally use Doan's Kidney Pills, however, finding that they act as a tonic to my kidneys and keep me in good health."

Charlotte Avenue

Jesse Patton, Charlotte Ave., R. F. D. No. 15, Fort Wayne, Ind., says: "I suffered from kidney complaint for years. The kidney secretions were highly colored and too frequent in passage and my back ached so steadily that I was in misery all the time. Hearing about Doan's Kidney Pills, I procured a supply at Meyer Brothers Co.'s drug store and they brought such beneficial results that I can recommend them highly."

The above statement was given in April, 1906, and in December, 1908, Mr. Patton added: "I cheerfully confirm my former endorsement of Doan's Kidney Pills, as I have not suffered to any extent from kidney complaint since. I will recommend this remedy at every opportunity."

Backache and kidney and bladder diseases are becoming more common in every walk of life. It's due to the hurry, worry and strain of modern living. The kidneys are overtaxed—can't keep up with their never-ending task of filtering the blood. Lame back comes, backache, dizzy spells, urinary disorders, stitches of pain when stooping or lifting, rheumatic twinges.

Burdens Lifted From Bent Backs

Not one of the early warnings should be overlooked, for neglect often results in a fatal case of diabetes, dropsy, Bright's disease or stone in the kidneys. Strengthen the bad back—cure the weakened kidneys with Doan's Kidney Pills, the remedy that is endorsed by our own townspeople.

Doan's Kidney Pills cure backache, kidney and bladder troubles. At any drug store, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., Proprietors.

Fort Wayne Evidence

If You Are Seeking Relief for a Lame Back or for Weak Kidneys, Read the Testimony of Local People Who Have Found Relief Through Doan's Kidney Pills.

Holman Street

Mrs. Dorothy J. Edgar, 617 Holman St., Fort Wayne, Ind., says: "I have used Doan's Kidney Pills, procured from Meyer Brothers Co.'s drug store, and have found them to be a reliable remedy for kidney complaint. This trouble made its appearance in my case several years ago and at that time a physician told me that my kidneys were badly affected. Later I consulted another doctor and he called my trouble lumbago. My back pained me intensely and I was subject to frequent attacks of dizziness. When I was advised to try Doan's Kidney Pills, I immediately began their use and it was not long before I found relief. I feel that Doan's Kidney Pills deserve all the praise that can be given them."

Lafayette Street

Grant Crary, 2027 Lafayette St., Fort Wayne, Ind., says: "I have been relieved of a great deal of suffering by Doan's Kidney Pills. Some months ago I was suddenly taken with severe pains across the small of my back and soon my hands and feet began to swell. In fact, my whole body bloated. For some time I could not stoop to fasten my shoes and when my feet became swollen and inflamed, I grew alarmed. Fortunately I read about Doan's Kidney Pills when in this condition and I procured a box at Meyer Brothers Co.'s drug store. After using this remedy a short time my trouble disappeared and I am now in good health."

Fort Wayne Compelled to Win Game Twice in Nine Innings.

Although the Tots were trounced in the opening game with Fort Wayne yesterday and got their first walloping this season they made Hendricks and his men win the game twice before it was finally bagged. Walter Miller went to the scrap heap in the third and Harry Corns finished the game and only one run was made off his delivery. The game in figures:

Summary—

Hits—Off Miller, 5 in 3 innings; off Corns, 5 in 6 innings. Two-base hits—Henry (2), Somerlott. Struck out—By Miller, 1; by Corns, 3; by Summers, 2. Bases on balls—Off Miller, 1; off Corns, 5; off Summers, 7. Sacrifice hits—Lindsay (fly), Elston (fly), McDermott, Miller, Corns, Groeschow, Summers. Hit by pitcher—Corns. First base on errors—Fort Wayne, 1; Terre Haute, 1. Stolen bases—Blount (3), McDonald. Left on bases—Fort Wayne, 8; Terre Haute, 9. Double play—Williams to McDonald to Murray. Time of game—2:20. Umpire—Gardner. Attendance—500.

THE GAME IN PARAGRAPHS.

Elston made the first run. Collins booted his hit and it went for two bases. Channell was passed and McDermott hit, sending in the run.

The Tots got to Miller in the second and scored three runs and took a lead of one in the third after which Corns went to the mound.

Most of the damage done by Fort Wayne was in the sixth. McDermott whiffed, but Fremer drew a pass and Collins let Dickey's single get past him and the runners went to second and third. Henry hit a grounder that McDonald threw to the plate to cut off Fremer who ran back and the third sacker missed the return throw, filling the bases. Summers went to the bad right after these foozles and he hit Corns and passed, forcing two runs over. Henry scored on Lindsay's sacrifice fly and Corns scored on a low throw when Blount stole second.

A couple more were added when, in the eighth, Jack Henry hit for two bases, Corns moved him up with a bunt, Blount was passed and Curt Elston pickled a shoot for a single, sending a couple over.

NOTES OF THE GAME.

It was the first loss for the Terre Haute team this season.

"Curley" Iowerth Blount has certainly been doing business this trip. He got two passes yesterday, scored one run and stole three bases.

Fort Wayne had to win the game twice before Terre Haute gave it up.

An even break on the road is as good as is expected of any team and Fort Wayne has to win just one more to get that.

Channell has been earning his salary during the trip. He has hit the ball regularly and when hits were needed.

Elston has improved in that he is able to hit with men on the sacks. This was his weak point last season.

Jack Henry caught his first game and three runs, a single and a double out of five times up shows that he was in the fray most of the time.

Frank McDermott landed for a couple of hits during the encounter.

Johnny Lindsay's aptness to hit long high fly balls will count this season. He can meet the ball, but can not get it safe, but that will make no difference when the team has a man on third.

Mr. Dickey also found his batting eye and gave his average a big boost in the struggle.

HAL CHASE APPEARS AFTER A LONG ILLNESS

First Baseman Who Had Smallpox Back on His Job.

New York, May 4.—"Hal" Chase's return to baseball after a siege of smallpox was signalized by the presentation to him of a silver loving cup by his teammates and a 9 to 6 victory over Philadelphia. The game, however, was otherwise featureless and slow. Schlitzer was knocked out of the box in the first inning and Dygert who succeeded him, fared little better. Krause, pitching for Philadelphia, during the latter five innings was fairly effective. Chase made one hit, but scored three runs. Pitcher Chesbro also reported to Manager Stallings. NOTES OF CENTRAL LEAGUE.

Evansville had no really bad luck last season and was able at all times to present its regular line-up. This season is starting a bit different for the champs. Manager Punch Knoll is out of the game with a sprained ankle and he is the best all 'round player the club has.

The Zanesville papers announce that Holmes is catching in big league style for the Infants.

Some baseball writer at Dayton has doped out a new name for Harry Hammond. He calls him the fat curve clerk.

Bert Noblett will probably be played permanently in the outfield at Grand Rapids. Catcher Erloff has been bought from the Columbus team and Manager Joe Raidy is strengthening up the weak spots in his team right along.

Bill Phillips is in a tough hole at Wheeling. He has not won a game and only 250 people greeted his Stogie ball players on Sunday.

R. B. Kelly, who has been playing third base for Danny Sheehan is going in such good form that if he keeps to his stride he will make the Bender fans forget all about the little red-head that covered the sack last year.

The new Grand Rapids outfielder's name is McNiece, although it has been written Meniece so long that he had almost forgotten the right way.

There are eight married and eight single men on the Grand Rapids team. Manager Raidy is unattached.

The legal battle for the use of the down-town park at Grand Rapids this season was scheduled to be heard in the courts today.

VARNELL PUTS DOWN BET ON LOCAL CROWD

Thinks Fort Wayne Will Draw More People Than Champs.

Claude H. Varnell's confidence in the baseball public of Fort Wayne prompted him while he was in Evansville at the opening game of the season to lay a small bet with Harry Stahlhefer, president of the ball club there, that Fort Wayne would turn out more people to the first game here than were present at the initial combat with the champs.

This, of course, is based on weather conditions. If the sun is shining Friday and it is not any colder here than it was last Thursday in Evansville, the owner of the local club stands to win or lose a suit of clothes on the attendance. If it runs higher than 3,100 he will add another suit to his own wardrobe, and if it runs below that figure he will add one to Stahlhefer's.

Evansville made a holiday of the opening of the season in honor of the champions and several other towns in the league did the same thing. Fort Wayne has always been pretty loyal on the first day when the weather was anything like favorable and there is little doubt about the crowd going over the 3,100 necessary to win from Stahlhefer.

The suggestion has been made that as Friday will be the opening day and business will be a bit slack anyhow for the merchants and manufacturers it would not be a half bad idea to close up for the game and give the employes and proprietors a chance to see the home team go against "Punch" Knoll and his followers. Mr. Varnell and Secretary Sid Hubbard will be here tomorrow morning to make preparation for the opening on Friday and arrange all of the little details that will be put on the program to make it attractive. The usual parade will precede the game and an invitation will be sent to Governor Thomas R. Marshall to be present.

He was at one time a part owner in the Columbia City club and is a baseball enthusiast. The governor of West Virginia was present at the first game in Wheeling and was a prominent figure on opening day.

HOW TO CURE SKIN DISEASES.

The germs and their poisons which cause the disease must be drawn to the surface of the skin and destroyed. VETERANS WIN GAME IN FIRST WITH CHAMPS

Bade Myers' Men Finish Strong and Wallop Evansville.

Bade Myers and his Vets got their first taste of victory yesterday at Evansville when they made a strong finish in the opening game against the Champs and scored enough runs in the seventh and eighth to overcome a lead and grab a combat. Golden was started in the box, but a couple of runs in the first inning saw him disappear and Earl Yingling, the southpaw slinger of the Dayton staff, was called to the relief. Although he was wild and gave five passes they did not count against him and he was especially tight when hits meant runs and the five bingles made off him did not get a counter. Manager Knoll, who was injured in the game Saturday, is still out of the game and Pitcher Crystal is in his place. The score: R.H.E.
Evansville .....2 0 0 0 0 0 0 0 0—2 5 1
Dayton .....1 0 0 0 0 0 2 2 0—5 8 2

Batteries—Dugger and Cady; Golden, Yingling and Brigger.

Bases on balls—Off Golden, 2; off Yingling, 5; off Dugger, 6. Struck out—By Golden, 1; by Yingling, 4; by Dugger, 4. Hit by pitched ball—Miller, Butcher. Double plays—Crowder to Butcher to Spangler; Brigger to Myers; Yingling to Brigger. Stolen bases—Hinton (2), Miller, Norcum. Time of game—2:15. Umpire—Chill.

GETTING READY FOR NELSON.

New York, May 4.—Priming himself to force Battling Nelson to fight for the lightweight championship, Freddy Welsh, the little Welsh lightweight, will meet Dave Beshler in a twelve-round bout tonight in Boston and then come back to this city to fight Johnny Frayne, a ten-round bout on Friday night. Welsh is near the top of his class, having disposed of Abe Attell at 128 pounds in Los Angeles.

ED WALSH'S BROTHER KILLED.

Wilkesbarre, Pa., May 4.—David Walsh, younger brother of Edward Walsh, the Chicago American league pitcher, was killed yesterday in the mines at his home in Plains. He was ambitious to emulate his brother's career and was one of the best amateur baseball players in this vicinity.

SEE-SAW GAME GOES TO BOSTON IN NINTH

Five Pitchers in the Battle —Results in the National.

Brooklyn, May 4.—Boston gained what appeared to be a safe lead by scoring six runs in the fourth inning yesterday, but two innings later Brooklyn had tied the score. In their final round at bat, however, the visitors hit in two runs and won, 9 to 7. Both teams batted freely, necessitating the employment of five pitchers. Bates led in the batting with a single, double and triple. Boston and Brooklyn will play a double-header today. The score: R.H.E.

Hendricks Talks of Fort Wayne Team

(Evansville Courier.)

An effort made by Manager Hendricks, of the Fort Wayne club, to bolster his pitching staff by the purchase of Casey Hagermann, a towering right handed recruit of the Chicago Cubs, was halted Saturday. The following telegram came to Manager Hendricks from Manager Chance, of the Cubs: "Hagermann has made good; prospective deal is off."

"I am not entirely satisfied with our pitching staff," said Manager Hendricks Sunday. "Hammond is the only member of the force in good pitching form and I will be at least a couple of weeks until Charley Alberts, who has just signed up and reported at Fort Wayne, is in shape to get in the championship race. Van Anda, too, has been a source of anxiety to me. He appears not to want to play this season and assuredly will not play with Fort Wayne if he keeps his present attitude. He will probably figure in a deal to be announced soon.

"Evansville, to my notion, is of pennant contending class this year. The team has more strength than most of the out-of-town critics and managers have given it credit for. Look it over, gauge every player by two standards, batting and fielding, and you will see that every member of the team is a 'dangerous' man at the bat, and well up in Central league class in fielding.

"I have seen but three of your pitchers at work, but all of them gave good accounts of themselves. As for Fort Wayne, wait until the pitching staff gets into working shape and Frankie Donahue reports for the second base job. Then there'll be a gradual rise in the standing of the Fort Wayne club. Guessing a pennant winner is far different from winning it, but mark my words—the Railroaders will either win the 1910 pennant or finish second in the race.

(Terre Haute Tribune.)

Flushed with an even break with the Evas, Central league champions, in the first series of the season, the Fort Wayne crew of ball tossers, ably commanded by Jack Hendricks, has arrived in Terre Haute ready and anxious for their four days setto with the Tots.

The Railroaders were whirled into town Sunday at midnight and after several hours of sleep, were up early and many hiked out to the park for a little morning practice. The aggregation is in great trim and confident of making the going hard for the clubs they meet.

"Everything is fine and dandy," said Hendricks Monday morning, "and I expect to do business this season. Corns will work for us Monday, and we are confident of trimming the Tots as easily as we did Evansville Sunday.

"I just got a letter from Donahue in which he writes that he will report next week. That's great news for I am sure he will be one of the best all-round athletes in the Central. My men are all going nicely and I can't see where any club has a right to hand us a big bunch. My pitchers have rounded into condition and the fans of Terre Haute will be treated to some classy work, I am sure.

"I understand that Groeschow has a good team. I hope so for 'Cuppy's' all right, and I want to see him make good. We all think he will, too. Quite an improvement out to the park I see. Louis is sure of doing things up nicely for the fans and should get the patronage."

Hendricks has banded together a strong club and his team must be considered a contender, and a big one at that, in the chase for the rag.

Cures Pelvic, Nervous and Chronic Diseases and Guarantees Satisfactory Results in All Cases He Accepts for Treatment

SCIENTIFIC AND THOROUGH EXAMINATION—I have made it a point never to treat any case until I had made a careful and thorough examination and definitely located the cause of the trouble. This takes time, care and a complete and scientific knowledge of the parts affected both in health and in disease. The human body is a most complicated piece of mechanism. In fact, so complicated that it is impossible for any one person to thoroughly understand its normal, or healthy, condition. How much more impossible, then, would it be to understand all the diseased conditions that may arise!

Knowing as I do the absolute futility of attempting to successfully treat every disease, I have limited my study to PELVIC, CHRONIC AND NERVOUS DISEASES, and my many years of experience in their treatment have enabled me to perfect methods which will positively and permanently restore to perfect health nearly all these conditions in which the ordinary methods have failed.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this of course, compels me to refuse to treat quite a good many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason my business has grown to such remarkable proportions. That I have, beyond a question, the best business of my kind in the state and the hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of CHRONIC or imperfectly treated PELVIC DISEASES. By my special methods in the treatment and care of these diseases I not only remove every trace of the disease itself, but am able to restore to a normal and healthy condition the broken-down and devitalized nervous system.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

PROSTRATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

MILLS RESUME OPERATIONS.

Wage Dispute Settled and Men Return to Work.

The Rolling Mills company and the employes have adjusted the differences that existed between them and which threatened to terminate in a strike and operations were resumed at the mills this morning. The contention was over the classification of certain work, the mill management and the employes giving a different interpretation to the clause of the wage agreement bearing on that point, and the dispute was carried to the point where the Amalgamated association insisted that their interpretation should be recognized, else the employes would go out on strike. The mill management relinquished its contention in the matter and agreed to the demands of the employes until July 1, when the present wage scale agreement terminates. The new scale will be formulated this week at the meeting of the Amalgamated Association of Iron, Steel and Tin Workers in Detroit and it will be submitted to the mill owners for adoption or rejection by July 1. For the better application of the wage contracts to the different conditions existing in various parts, the country is divided into districts and the contracts in each are slightly different. Fort Wayne belongs to the Western district. T. J. McArdle, the president of the Amalgamated association, is a former Fort Wayne man and a member of Old Fort lodge, No. 14, of this city. The latter is represented at the convention by William Elzay and John Hornberger.

FORMERLY LIVED HERE.

G. T. Neubert, the New Master Mechanic of C. G. W.

The announcement is made of the appointment of G. T. Neubert to the position of master mechanic of the Northwestern division of the Chicago and Great Western road, with headquarters at St. Paul. Mr. Neubert is a native of Fort Wayne, having been born in this city in 1860, and many of the older residents will remember him and his parents. The family moved to Armstrong, Kansas, in 1874, and the young man served an apprenticeship in the mechanical department of the Union Pacific shops in that city.

TAKE LAKE SHORE ROUTE.

Electricians Will Go to Cedar Point Over That Line.

The transportation committee of the Relief Union Annual Excursion association of the Electric works held a meeting last night and decided to go to Cedar Point over the Lake Shore route on the occasion of the annual excursion, Saturday, July 24. The train will leave the north depot at 6:15 in the morning, reach the docks in Sandusky at 9:45 and the Point at 10 o'clock and returning will leave Sandusky at 7:15 and reach Fort Wayne at 10:45. Contract was made with the railway company for fourteen cars, with the privilege of more if needed, and in case there are more than fourteen cars the train will run in two sections. James Ryan, who represents the resort people at Cedar Point, will be here in a few days to consult the committee about the advertising part of the business and the entertainment feature of the outing at the resort. This will probably be one of the best excursions the Relief Union ever gave.

GIVEN ANOTHER YEAR.

Installation Term for Block Signals Is Extended.

Owing to the loss of earnings suffered by railroad companies, the Indiana railroad commission has decided not to issue an order now carrying the provisions of an act of the 1907 legislature, that all roads having gross earnings of $7,500 a mile shall put in a block signal system.

Some of the roads have been equipped with block signals, but the commission has decided to give the companies a year longer to comply with the law. The commission will consider the case of each road separately.

INSPECTING G. R. & I.

Telegraph Superintendent Cellar Making Trip Over Line.

C. A. Cellar, superintendent of telegraph of the Pennsylvania, and the men at the head of the insurance branch of the company, are this week making an inspection trip over the Grand Rapids and Indiana road. They will leave Richmond at 10 o'clock tomorrow morning, go as far as Kalamazoo, where they will remain over night, and complete the trip the following day. The same parties inspected the Pennsylvania lines a few weeks ago.

WILL HANDLE CIRCUS.

Pennsy to Bring in the Wallace Show May 21.

The Hagenback-Wallace show will be in this part of the country the latter part of May. It exhibits at Mansfield, Ohio, on Wednesday, May 19, at Lima on Thursday, May 20, and in Fort Wayne on Friday, May 21. The Pennsylvania company will handle the show people and equipment into the city and will deliver it to the Lake Shore to go north.

HANDCAR SMASHED BY TRAIN.

James Wheeler and Frank Nearhood, section men on the Grand Rapids and Indiana road, had a narrow escape from death Sunday morning. They were en route from Kendallville to Avilla on a handcar and failed to notice the approach of a freight train from the north until it was too late to lift the car from the tracks. The men jumped and just as they did so the pilot struck the handcar and smashed it into smithereens.

BRAKEMAN'S FIERCE BATTLE.

(Peru Evening Journal.)

Locked in a terrific hand-to-hand encounter on the roof of a swaying box car, Brakeman Fred Bartell, of the Wabash, and three negroes fought a battle royal Friday.

At Riverton, just as the train pulled out, three negroes climbed aboard. Bartell saw them and ordered them off. The negroes refused to go. Bartell then went after one of them who had climbed to the roof of a box car. The negro stood his ground and a clash ensued.

Bartell, who is a very active man, soon got the better of the one negro, but just as he got down the two other negroes attac[k]ed him. Then ensued a battle for blood. It was three against one, but Bartell was sure of his footing, whereas the negroes were not, and the battle was more nearly equal than one might think.

Bartell knocked one of the negroes down again, but just as he did so another one of the negroes hit him over the head with a black-jack and Bartell keeled over. He was stunned for only a moment, however, and aside from a bad scalp wound is getting along well. The negroes disappeared.

BOOSTING PLAYGROUND PROJECT

The committee from the Fort Wayne Federation of Labor to raise funds from the various labor unions in the city to aid the city playground project began work in earnest last night when it visited the machinists, tailors, cigarmakers and plumbers and secured donations from each. The other unions will be called upon at their next meetings and all are expected to respond to the end that the fund will be enriched about $200. The personnel of the visiting committee last night was as follows: Dr. L. P. Drayer, president of the playgrounds association; L. D. Redding, president of the Federation, and E. S. Baker.

HARRIMAN'S ECONOMY.

Harriman is said to be planning to save nearly $4,000,000 a year in fuel for his roads, which are now using about 10,000,000 barrels of oil every year for fuel. Of this about 2,000,000 barrels are furnished from the lands of the Southern Pacific company. This oil costs 2 cents a barrel gross. The 8,000,000 barrels cost about 62½ cents. By furnishing all its own oil the Southern Pacific can save 40 cents a barrel, or at least $3,200,000 on the present basis of consumption. But the use of oil will be extended over the system, and the saving in fuel will undoubtedly be at least $4,000,000 within the next two years.

CONTRACTS FOR BOILER WORK.

Yesterday the Bass boiler shop received instructions to build some large steel tanks for a powder manufactory and to make a vertical tubular boiler for the National Horse Shoe company, Downieville, Pa. The orders come at a time when the shop is not very busy and work upon them will be taken up at once.

TAKEN SICK IN CHICAGO.

Jacob W. Weigel, of 702 High street, a Nickel Plate conductor, was taken suddenly ill in Chicago yesterday and is now in Mercy hospital in that city. His condition is improving and it is believed he will be able to make the journey home tomorrow.

TO GO INTO BUSINESSS.

George P. McDonald has resigned a position as bookkeeper at the Fort Wayne Electric works for the purpose of entering the real estate business in the city. He has already secured office room in the Bank block.

INDUSTRIAL NOTES.

R. E. Pierce, traveling freight agent of the Missouri Pacific, was in the city today.

Master Mechanic J. J. Muir left last night for Pittsburg on business for the Bass company.

The Fort Electric company and Rhinesmith & Simonson will pay their employes tomorrow.

W. L. Wilt left yesterday noon for Washington, D. C., on business for the Pennsylvania company.

Blacksmith I. Sorg resumed work at the Pennsylvania shops this morning. He had an eye hurt a week ago.

The Wabash will replace the pile bridge at Andrews with a concrete structure this summer, at a cost of $4,000.

Howard Pierce, assistant Pennsylvania ticket agent, is taking a week's vacation. He left yesterday for New Orleans.

G. I. Hevener has taken a position in the Pennsylvania boiler shop. He was formerly employed in the Wabash shops.

D. G. M. Leslie has returned from Knoxville, Tenn., where he was called on business for the Bass company last week.

Fireman A. F. Hendricks, of the G. R. & I., is off duty on account of getting a cinder in one of his eyes. The optic is quite sore.

W. W. Bicknell, Charles E. Rogers and E. I. Hefner have resigned positions in the Wabash shops and will leave the city in search of work.

At the meeting last night of Friendship lodge, No. 70, International Association of Machinists, three additions were made to the membership roll.

Pennsylvania Brakeman C. E. Helmke is off duty on account of injuries received while out on the road yesterday, the particulars of which could not be learned this morning.

Charles M. Kickley, the Pennsylvania lineman who was seriously injured at the Pennsylvania freight house last January, has recovered and this morning resumed his duties in the department.

P. G. Habig, an asphalt street paver who has been working at the Pennsylvania round house ever since the close of the street paving season last fall, resigned this morning to take up work at his trade.

W. M. Hosteman, a Pennsylvania lineman, is taking a lay off to attend to some private business. E. H. Stephan, H. Gumbert and J. H. Kamm, of the shops, are off duty on account of sickness.

Grotheitman & Company commenced excavating for the foundation for a house for Herbert J. Grosvenor on Lafayette street this morning. Mr. Grosvenor is purchasing agent for S. F. Bowser & Company.

The Electrotechnics and the Bowser Greys will play three games of ball this spring at Robison park to decide the championship of shop teams, for each claims that honor. The first game will take place Saturday afternoon, May 15.

Hon. Edward Huffman, J. C. Werkman and Henry Hoeltje will be the chief speakers at an open meeting to be held by No. 232, United Brotherhood of Carpenters and Joiners, Thursday evening. The meeting will be more of the character of a social session and smoker and the carpenters promise all who attend a good time.

Mr. and Mrs. Frank Flaherty, of Alton, Ill., were the guests of their son J. H. Flaherty, chief lineman of the Pennsylvania. The aged couple came here to witness the confirmation of their two grandchildren Sunday at St. Patrick's church and they will remain several days. They are seventy-four and seventy-two years old respectively.

Machinist Wallie Conners has recovered from a very severe attack of malarial fever and this morning resumed his duties at the Pennsylvania shops after an absence of six weeks. Machinist John O. Bryant also resumed work at the Pennsylvania shops this morning. He was sick a week. J. J. Rosenberger reported for work also. For two weeks he was quite sick with tonsilitis.

The last lecture of the season before the Electrotechnic club will be given this evening by P. C. Morgenthaler and two weeks from tonight the club will hold its annual meeting, which will close the season. The past has been a very profitable one to the membership, for it has been characterized by the best lectures in the history of the association. Their membership is now about 150.

BRADLEY DRUG STORE ON FIRE

WITH ENTHUSIASM OVER THE GREAT DISCOVERY

The great good that is being done here in Fort Wayne and vicinity has caused a flame of conviction to sweep over many homes, and scores of people are going to Bradley Bros. drug store to get some of the healthful creating Root Juice that has caused so much talk throughout the state during the past few months. The necessity of proving the merits of the great remedy has almost ceased as most of the people are convinced because they know of some neighbor or friend who is rapidly improving under the juice treatment. Homer L. Barlow was a recent caller. He said: "My little boy and self have been using the juice about a week and it is doing us both worlds of good. My boy was in a very bad fix before taking the remedy. He has used a great deal of medicine before taking the juice, without any benefit, but the juice seemed to take a hold of his case at the very start and improvement has been very rapid, his stomach and kidneys were in an awful condition before taking the great remedy. My trouble was indigestion, gas formed in my stomach and bowels and I bloated a great deal, but Root Juice has almost entirely stopped that. It seems that after people take the truly wonderful medicine a few days they praise it so highly that their friends and neighbors go in crowds to the store and get some of it. We heard that the scientist spent a fortune in perfecting Root Juice, he is certainly being rewarded for it is almost impossible to make the medicine fast enough to supply the demand. The discovery is certainly proved to be the greatest of the age for healing and toning the stomach, bowels, liver and kidneys. Many people from every walk of life who have suffered for years with stomach troubles, rheumatism, nervous weakness and kidney affections, after taking the remedy a few days are so enthusiastic in their praise that it is hard to doubt the health-giving properties of the medicine. We are informed that the demonstrations will continue but a few days at this point. The Root Juice is sold for One Dollar a bottle or three bottles for two dollars and a half.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., May 4.—Weather conditions in this country were again the dominating influence in the wheat market and as the "weather map" showed higher temperatures generally throughout this country and Canada, sentiment in the pit today was bearish. Commission houses and pit traders were inclined to sell, but the offerings were not large. Early in the day trade was dull and featureless with prices ranging a trifle below yesterday's closing level. Initial prices were a shade higher to a ¼@⅜c lower, July being at $1.12@1.12⅜. After touching $1.12½@1.12⅝, the price again dropped back to $1.12⅜.

The wheat market developed into an old-fashioned bull market late in the session on active buying by bull leaders. July advanced 4c from the low point of the day and the more distant deliveries rose nearly 3c. The top for July was reached at $1.16. The market closed excited and strong with prices at the top notch, July being up 3⅝@3¾c at $1.16. May closed at $1.28, a net gain of 1¼.

Warmer weather and a slight increase in local receipts prompted considerable selling of corn early in the day, resulting in moderate weakness. Prices at the opening were ⅛c to ¼c lower, July being at 68⅝c to 68½c. Later July sold at 68¾c.

The corn market became strong with wheat late in the day. July advanced from 68¾c to 69c. The close was strong with July up ¼@⅜c at 68⅞@69c.

The more spring-like weather induced free selling of oats by commission houses and pit traders, which caused slight weakness at the start. July opened ⅛c to ¼c lower at 49½c to 49⅝c, but later sold up to 49¾c.

Trade in provisions was dull, but the market was quite firm, owing to a 5c advance in the price of live hogs.

The Close.

Prices at the close were as follows:

Wheat—May, $1.28; July, $1.16; September, $1.05¾; December, $1.03⅞.

STOCKS AND BONDS.

The Day on Wall Street.

New York, May 4.—An irregular tone prevailed today at the opening dealings in stocks, which were on a large scale. The industrials were strong and made some conspicuous advances. Central Railroad of New Jersey rose 2, American Cotton Oil 1¼, and Illinois Central, St. Louis Southwestern preferred, American Car, American Smelting preferred and American Beet Sugar large fractions. Reading opened with sales of 4,200 shares at an advance of ½. There was a good proportion of reclines, including some of the most prominent stocks, but they were all limited to small fractions.

Large amounts of Reading were thrown on the market, which caused reaction in the railroad stocks. Reading fell back a point, while Union Pacific sold as much below yesterday's closing. Some of the metal stocks and industrials were meanwhile moving upwards. Buying orders were distributed in Reading and Union Pacific later, which pulled them up 1⅛ and 1½ from the lowest and the rest of the list also rose briskly. Reading second preferred gained 4 points, American Cotton Oil 3, and Union Pacific preferred, United States Steel preferred, the Bethlehem Steel stocks, United States Rubber, Virginia-Carolina Chemical and American Linseed preferred 1 to 1½.

The movements of Reading dominated the whole market and when that stock fell back to 151 the list halted. Enormous transactions in Reading then came up, carrying the stock to 153½. Union Pacific was heavily dealt in at an advance of 1½. Gains of a point or more were made by Great Northern preferred, Northern Pacific, Wabash preferred, New York Central, Cleveland, Cincinnati, Chicago & St. Louis, American Smelting, American Telephone and Telegraph and American Agricultural-Chemical 1. New York, Chicago & St. Louis second preferred sold at an advance of 4, Minneapolis, St. Paul & Sault Ste Marie and Bethlehem Steel preferred 3, National Biscuit preferred 2, Southern Railway preferred and New York, Chicago & St. Louis declined 1 and United Railways and Investments 2. Reading fell back a point at noon. Bonds were firm.

United States Steel preferred was carried up 2 points to $1.18¾, which gave another upward advance to prices. Reading was no less prominent, but hovered around 153. Union Pacific also was a notable feature, touching 190@, a gain of 2 points. American Steel Foundry moved up 2½, Federal Mining 1½, St. Paul, 1⅜, Pennsylvania 1¼ and Southern Pacific, Amalgamated Copper and American Tobacco preferred 1. Canada Southern ran off 2 points, Western Union, 1¼ and Pressed Steel Car preferred 1 point.

Hesitation caused a contraction in the dealings for a while, but the market did not vary much and a further rise in Reading to 154¼, making its gain 3 points, stiffened prices again. Central Railroad of New Jersey jumped 10 points, Sloss-Sheffield Steel preferred, Peoria & Eastern 2½, New York Central 1⅝, Illinois Central 1¾, American Smelting preferred 1¼, and Northwestern 1.

The market closed irregular and unsettled. Traders sold to take profits and Reading and Union Pacific fell back 2¼ and 1¼ respectively. Central Railroad of New Jersey and Lackawanna made gains of 15 points, and Louisville & Nashville, United States Rubber first and second preferred and Tennessee Copper 1½ to 2. The reaction became sharp late in the dealings, making important inroads on the day's gains. Denver & Rio Grande lost 1 point.

LOCAL MARKET EPITOME.

Eggs have hit an upward jump, the market today bouncing to 21c per dozen. This is due to light receipts and something of an increased demand, though many of the buyers have plenty on hand to last over the stretch. Potatoes have taken a downward tendency, the prevailing price being a good 90c per bushel. Butter and chickens continue the same, though there are not many receipts in any lines.

Said G. H. Crouse, of the commission house of G. H. Crouse & Co., this morning: "The probability is that eggs will stick at the 21c mark tomorrow as the receipts in all commodities will not be much better than of today. Potatoes are still in demand, but the approach of the new potato season is causing the drop. Other lines will remain the same tomorrow."

Wheat jumped to $1.38 per bushel today, the highest market in years. Other lines showed no changes.

WHEAT, $1.38 PER BUSHEL

Jump in Toledo and Chicago Gives Millers the Grouch.

Resulting from the ups in the Toledo and Chicago wheat circles of yesterday, local millers today were forced to raise their offering quotation to $1.38 per bushel, whereas the price for the past few days has been steady at $1.35. In the words of one miller, they "are up against it," meaning that they can not raise the flour price immediately and yet have to pay more for the cereal. They are lost in the tide when they try to figure out the next turn of the market, though the local prices are governed wholly by the Chicago markets. The dealings here are, of course, all in winter wheat.

The Way to Wealth

Is by saving. One way to save is by watching closely the offerings of this store. Money saving people will find opportunities here every day to buy and save.

Just Now

There are big reductions on spring tailor-made cloth suits. Suits that bear the imprint of the latest styles and in the most fashionable fabrics must be sold now to make room for summer goods. While looking at the cloth suits take a glance at our splendid showing of shirt waists, lingerie dresses and costumers.

If You Have a Home

Or one in prospect, it will be worth your while to visit our carpet floor. The housekeeper who desires to furnish her home attractively and economically will find a golden opportunity in the tempting prices we are making on Carpets, Rugs, Curtains and Draperies.

In Fancy Thing

For home use and decoration we are offering a splendid selection of beautiful things in the way of pillows, shams, scarfs, lunch cloths, center pieces, doylies, etc. See the battenburg and drawn work pieces that we are showing at 25c, 50c and $1.00, and the handsome pillow tops all ready to use at 25c and 50c; you will appreciate them.

The Rurode Dry Goods Co.

For Farm and Garden

We have every sort of seed worth planting. Our seeds are fresh and free from weeds and old seeds that often come with the ordinary kind. When we sell you seeds you can count on a rousing good crop, wether it be of grain, vegetables or flowers. Our seeds will do their share if you do yours.

CITY BREVITIES.

Mrs. C. McDonald, of 117 Masterson avenue, is a patient at St. Joseph's hospital.

Mrs. Logan Staples, who has been a patient at St. Joseph's hospital after an operation, has returned to her home in Columbia City.

Edward Dickmeyer, a son of Charles Dickmeyer, a grocer at 2113 Gay street, is at the Lutheran hospital, where he submitted to an operation.

Martin E. Ragedanz, a Fort Wayne boy who is a student at the Valparaiso university, has successfully passed the examination for a license as registered pharmacist.

The report that the Charles A. Zollinger camp, Spanish-American War Veterans, would hold installation of officers and a bean social Wednesday evening is pronounced untrue.

Condemning it as a vicious form of amusement for the young the International Kindergarten union, which recently met in Buffalo, heavily scored the comic supplements now so prevalent among Sunday newspapers. A resolution embodying the thought of the union was adopted and will serve as the declaration of policy in the fight the union intends to make. Miss Gail Calmerton, kindergarten and primary supervisor in the city schools, and Miss Emma Walling, a primary teacher, attended the meeting, returning Monday.

DR. BARNEY HAS $100 FIRE.

Department Made Two Runs to West Wayne and Harrison Streets.

The front rooms, both in the basement and on the main floor of the residence and office building at 136 West Wayne street, occupied by Dr. Barney and owned by Dr. Blackstone, were badly damaged by fire at early hours this morning, the total losses being about $100. At 1:17 a. m., the department was called to extinguish a small blaze started by chimney sparks and another alarm was sent in at 3:19 o'clock, when fire burst out in the waiting room on the second floor. It is supposed it resulted from a few sparks that were not extinguished at the first call of the department.

A PILGRIM'S PROGRESS
By MISTER BUNION.

SAY, SILAS! I CAME IN TO HAVE A TALK WITH YOU. A HEART TO HEART TALK AND I DO NOT WANT TO BE CONSIDERED BUTTING IN!
SIT DOWN, MR. BUNION! WHAT IS IT ABOUT?
DON'T YOU THINK IT IS ABOUT TIME YOU QUIT DRAWING ME? I MUST BE GETTING TIRESOME TO YOUR READERS, DON'T YOU THINK?
YOU HAVE LOTS OF FRIENDS!
DULL CARE
HAVE I? I'M GLAD TO KNOW THAT. BUT, YOU HAVE OTHER IDEAS YOU CAN WORK OUT THAT I KNOW WILL BE MORE CHEERFUL. YOU CAN NOT RID ME OF THIS VALISE, YOU KNOW IT!
MY EFFORTS WERE AMUSING!
YES, BUT IT WAS LAUGHTER THROUGH TEARS AND ABOVE THE HEADS OF A GREAT MANY PEOPLE, THOSE WHO UNDERSTOOD ME I SHALL CHERISH AS FRIENDS!
THEN YOU DO NOT WANT TO BE DRAWN ANY MORE!
CUT ME OUT! I MAY MEET YOU AGAIN BUT I'LL STILL HAVE THE VALISE AND THAT WON'T BE PLEASENT. YES. CUT ME OUT. FORGET ME! DRAW SOMETHING ELSE! I'M GETTING STALE! YOU'VE BEEN DRAWING ME FOR THREE YEARS, SILAS
I'VE GOT ANOTHER SPLENDID IDEA, BUT—
GO AHEAD! GET TO WORK ON IT! IF YOU HAVE MADE A HIT DRAWING ME, I'M DELIGHTED. YOU'LL ONLY ADD TO YOUR NAME BY MAKING ANOTHER HIT!
I'LL TRY IT!
GOOD-BYE!
GOOD BYE SILAS AND GOOD LUCK TO YOU! I'LL WATCH FOR YOUR NEXT SERIES. I KNOW IT WILL BE A CRACKER JACK. DON'T RESORT TO CRUDE COMEDY! JUST GIVE 'EM GOOD HUMOR, LOTS OF LAUGHTER. SEE?
DULL CARE
I HATE TO SEE YOU GO!
DON'T MIND ME! I'LL JUST KEEP PLODDING ON, ALONE! I DON'T MIND! GOOD BYE! SILAS!
